## 4. Introduction

### 4.1 Overview

- 4.1.1 These Funding Rules are current as at February 2011 and have been prepared in accordance with the requirements of the ARC Act in force then.
- 4.1.2 The *Future Fellowships* scheme provides funding to Eligible Organisations to support research.
- 4.1.3 For the purposes of these Funding Rules, research is defined as the creation of new knowledge and/or the use of existing knowledge in a new and creative way so as to generate new concepts, methodologies and understandings. This could include synthesis and analysis of previous research to the extent that it is new and creative.

This definition of research is consistent with a broad notion of research and experimental development (R&D) as comprising creative work undertaken on a systematic basis in order to increase the stock of knowledge, including knowledge of humanity, culture and society, and the use of this stock of knowledge to devise [innovative] applications<sup>1</sup>.

### 4.2 Future Fellowships

- 4.2.1 The objectives of the *Future Fellowships* scheme are to:
- a. attract and retain outstanding mid-career researchers;
  - b. build collaboration across industry and/or research institutions and/or disciplines;
  - c. support research in national priorities across all disciplines that will result in economic, environmental, social, health and/or cultural benefits for Australia; and
  - d. strengthen Australia's research capacity by supporting innovative, internationally competitive research.
- 4.2.2 Up to 200 Future Fellowships may be awarded for funding commencing in 2011.

### 4.3 Selection Criteria and Targeted Priority Areas

- 4.3.1 Proposals will be assessed and ranked using the following selection criteria:
- a. Future Fellowship Candidate 40%
    - i. research opportunity and performance evidence (ROPE);
    - ii. capacity to undertake the proposed research;
    - iii. record of high quality research outputs appropriate to the discipline/s;
    - iv. evidence of national and/or international research standing; and
    - v. contribution to national and/or international public policy debates and initiatives.
  - b. Project Quality 35%
    - i. does the research address a significant problem?
    - ii. is the conceptual/theoretical framework innovative and original?

---

<sup>1</sup> OECD (2002), *Frascati Manual: Proposed Standard Practice for Surveys on Research and Experimental Development*, Paris.

- iii. will the aims, concepts, methods and results advance knowledge?
  - iv. are the design and methods appropriate?
  - v. will the proposed research provide economic, environmental, social, health and/or cultural benefit to Australia?
  - vi. is there a contribution to public policy formulation and debate?
  - vii. does the proposed Project address National Research Priorities?
  - viii. will the proposed Project contribute significantly to the advancement of knowledge in one or more of the targeted priority areas in subsection 4.3.2?
- c. Strategic Alignment / Collaboration 25%
- i. how well does the Future Fellowship Candidate align with and/or complement the research strengths or developing research strengths and staffing profile of the Administering Organisation?
  - ii. are the necessary facilities to complete the proposed Project available?
  - iii. are there adequate strategies to encourage dissemination, commercialisation, if appropriate; and promotion of research outcomes?
  - iv. how will the Future Fellowship Candidate build collaboration across industry and/or research institutions and/or with other disciplines?

4.3.2 *Future Fellowships* funding commencing in 2011 encourages Proposals in the following targeted priority areas:

**a. National research capacity**

The Proposal should demonstrate how the Project and the Future Fellowship Candidate will increase Australia's research capacity to undertake research in the targeted areas at the most appropriate Administering Organisation, including, attracting Australian or overseas researchers to conduct research in the best research environment whilst developing existing or emerging research strengths.

**b. Targeted discipline areas**

The targeted discipline areas where national research capacity needs enhancing are enabling disciplines: computer science; economics; education; engineering; English; information science; nursing and allied health; and political science.

**c. Targeted research areas**

The targeted research areas of national significance are: Asian studies; chemical and biological hazards; community and preventative health; computer system security, pattern recognition and data mining; environment and climate change; forensic science; immigration; Indigenous health and well-being; land-based transport systems; manufacturing innovation; safeguarding Australia (especially electronic security, surveillance and detection); and social inclusion and systemic disadvantage.

**4.4 Strategic Statement**

The Administering Organisation must provide a strategic statement within the Proposal which:

- a. details the existing and/or emerging research strengths of the Administering Organisation;
- b. describes how the Future Fellowship Candidate aligns with and/or complements the staffing profile of the Administering Organisation;

  - b. twenty-four (24) months in total, over the life of the Future Fellowship at Host Organisations that are Eligible Organisations.

## **7. Role and Eligibility for the Future Fellow**

### **7.1 General**

- 7.1.1 The Future Fellow must take significant intellectual responsibility for the Project, its conception, and any strategic decisions required in its pursuit and the communication of its results. The researcher must have the capacity to make a serious commitment to the Fellowship. The ARC reserves the right to determine whether a person has the requisite capacity to perform the role.
- 7.1.2 The Future Fellow is expected to spend the majority of her/his time on research activities related to the proposed Fellowship and may not engage in other professional activities for the duration of the Fellowship.
- 7.1.3 The Future Fellowship is initially awarded on a full-time basis only. The Fellowship may be converted to (or from) part-time at any time after the award only to enable the Future Fellow to continue to fulfil family and/or carer responsibilities, provided the Fellowship does not exceed six years

from the date of commencement (excluding any approved periods of suspension and/or maternity and/or parental leave). A Fellowship can be converted to working hours between 0.5 and 1.0 full-time equivalent (FTE) by submitting a request to the ARC through the Research Office (or equivalent) of the Administering Organisation.

- 7.1.4 The Administering Organisation must ensure the Future Fellow has access to periods of up to 14 weeks paid maternity leave where such leave is taken during the course of the Fellowship. The ARC will provide up to 14 weeks additional funding for this purpose. The Administering Organisation must seek ARC approval for any extension to the life of the Project exceeding the 14 weeks paid maternity leave.
- 7.1.5 The Future Fellow may spend up to 0.05 FTE of her/his time annually on teaching activities. Supervision of honours or postgraduate students is not included in this limit.
- 7.1.6 The Future Fellow must conduct research for a minimum of 24 months of the Fellowship at the Administering Organisation.
- 7.1.7 The Future Fellow must be employed by the Administering Organisation for the duration of the Fellowship.

## **7.2 Eligibility Criteria for the Future Fellow**

- 7.2.1 A Proposal must only nominate one Future Fellowship Candidate.
- 7.2.2 For the purposes of the *Future Fellowships* scheme, mid-career researchers have between 5 and 15 years research experience since the award of their PhD (or equivalent research qualification) at the closing time for submission of Proposals. To be considered a mid-career researcher, the Future Fellowship Candidate must:
  - a. have been awarded a PhD on or between 20 April 1996 and 20 April 2006; or
  - b. have obtained approval from the ARC, via the submission of an Eligibility Exemption Request pursuant to the process outlined in Section 10, for the:
    - i. recognition of research experience or a research qualification equivalent to between 5 and 15 years research experience since the award of a PhD; and/or
    - ii. variation of the qualification and/or timing requirements. Applications for the variation of timing will not be approved if the researcher was awarded their PhD less than 5 years or more than 22 years from the closing date for submission of Proposals.
- 7.2.3 At the closing time of submission of Proposals, all obligations regarding previously funded ARC and the National Health and Medical Research Council (NHMRC) Projects involving the Future Fellowship Candidate must have been fulfilled to the satisfaction of the ARC or NHMRC. Such obligations include the provision of satisfactory progress and final reports.
- 7.2.4 The Future Fellow must legally reside predominantly in Australia for the duration of the Future Fellowship, except where ARC approval has been granted.
- 7.2.5 The Future Fellow must relinquish any Fellowships or the duties of any existing appointments prior to commencement. The Future Fellow may hold honorary or non-remunerated Fellowships. The Administering Organisation

must ensure that honorary or non-remunerated Fellowships will not impair the capacity of the Future Fellow to complete the proposed Project.

- 7.2.6 Subject to subsection 7.2.5, at the closing time of submission of Proposals, a Future Fellowship Candidate who holds an ARC or NHMRC Fellowship may apply for a Future Fellowship only in the final year of her/his Fellowship.
- 7.2.7 The Future Fellow cannot commence another ARC Fellowship until the entire Future Fellowship salary component has been expended.

## 8. Salary Levels

- 8.1.1 A Future Fellowship salary may be requested and awarded at one of three salary levels (2011\$) (plus salary-related (on-cost) funding), which is either equivalent to or higher than the academic salary level of the Future Fellowship Candidate as at the closing time for submission of Proposals.

**Table 1: Future Fellowship Salary Levels**

<b>Future Fellowship Salary Levels</b>	<b>Salary</b>	<b>On-costs 28%</b>	<b>Total</b>
Future Fellowship Level 1 (1.0 FTE)	\$100,493	\$28,139	\$128,632
Future Fellowship Level 2 (1.0 FTE)	\$121,651	\$34,063	\$155,714
Future Fellowship Level 3 (1.0 FTE)	\$142,806	\$39,986	\$182,792

- 8.1.2 Where the Future Fellowship Candidate is either unemployed, in part-time employment, or is an international researcher, the minimum salary level applicable should be determined by the Future Fellowship Candidate's most recent full-time appointment (at level) and the nearest salary equivalent in Australian dollars (\$A). Researchers with a current salary level greater than Future Fellowship Level 3 can only apply for a Future Fellowship Level 3.
- 8.1.3 The ARC has the absolute discretion to permit a variation of the requirements outlined in subsection 8.1.1, for circumstances including, but not limited to, Future Fellowship Candidates who are employed overseas, who are not employed, or who are not receiving a salary, at the time of submission of Proposals.
- 8.1.4 The salary level guide and classifications outlined are intended to provide the Future Fellowship Candidate with guidance as to the standard expected at each Future Fellowship Salary Level, in terms of classification relative to opportunities.
- 8.1.5 **Future Fellowship Level 1 – Salary \$100,493 (plus 28% on-costs)**  
 A Future Fellowship Level 1 Candidate will:
  - be equivalent to Academic Level C (or at a salary level below) within an Australian University;
  - be recognised nationally as being influential in expanding the knowledge of their discipline area; and
  - have made independent and original contributions to research, which have a significant impact on their field of expertise.

### 8.1.6 **Future Fellowship Level 2 – Salary \$121,651 (plus 28% on-costs)**

A Future Fellowship Level 2 Candidate will:

- a. be equivalent to Academic Level D (or at a salary level below) within an Australian University;
- b. be recognised internationally as being influential in expanding the knowledge of their discipline area;
- c. have made independent and original contributions to research, which have a significant impact on their field of expertise; and
- d. lead and foster excellence in research, including research training supervision.

### 8.1.7 **Future Fellowship Level 3 – Salary \$142,806 (plus 28% on-costs)**

A Future Fellowship Level 3 Candidate will:

- a. be equivalent to Academic Level E (or at a salary level below) within an Australian University;
- b. be recognised internationally as being influential in expanding the knowledge of their discipline area;
- c. have made outstanding contributions to research, which have a high level of impact on their field of expertise internationally;
- d. lead and foster excellence in research, including research training supervision;
- e. make or have made a contribution to high level research policy; and
- f. be capable of initiation and management of large research projects.

## **9. Number of Proposals, Funded Projects and Cross-Scheme Eligibility**

### **9.1 Number of Proposals and Funded Projects**

- 9.1.1 The Future Fellowship Candidate may be nominated on no more than one *Future Fellowships* Proposal in this funding round, evaluated as at the closing time of submission of Proposals, regardless of any subsequent change in, or withdrawal of, Proposals. Submitting Proposals that exceed this limit will result in all Proposals involving the relevant researcher not being recommended for funding.
- 9.1.2 The Future Fellowship Candidate may not submit more than two Future Fellowship Proposals in the funding rounds between 2009 and 2013. This includes Proposals that have been withdrawn after the closing time of submission of Proposals and Proposals which were deemed ineligible by the ARC.
- 9.1.3 A Future Fellow cannot apply for a subsequent Future Fellowship.
- 9.1.4 A Future Fellow may only receive funding concurrently for a maximum of two Discovery Projects. If two Projects are funded concurrently under the *Discovery Projects* scheme only one can be as sole CI.
- 9.1.5 A Future Fellow will not be permitted to relinquish a CI, Fellow or Centre Personnel role or existing ARC grants held on 1 July 2011, to circumvent these limits.

- 9.1.6 Proposals may be submitted only to the extent that, if successful, the Future Fellowship Candidate nominated on the Proposal would not be involved in more than the maximum number of Projects permitted after 1 July 2011 evaluated as at the closing time of submission of Proposals. A Project is considered to be funded for the years set out in the Funding Agreement.

## **9.2 Proposal Eligibility**

- 9.2.1 The ARC will not duplicate funding for research, including infrastructure, funded as at 1 July 2011 by the Commonwealth.
- 9.2.2 The Proposal must list all current funding and requested funding for the Future Fellowship Candidate under any ARC scheme or any other Commonwealth funding scheme.
- 9.2.3 The ARC will assess whether a Proposal meets the eligibility requirements in these Funding Rules and may recommend that a Proposal that does not meet the requirements be deemed ineligible.

## **9.3 Cross-Scheme Eligibility**

- 9.3.1 During the 2011 calendar year, a request for a Discovery Outstanding Researcher Award (DORA) within a *Discovery Projects* Proposal **and** a *Future Fellowships* Proposal **cannot** be submitted for the same researcher.
- 9.3.2 During the 2011 calendar year, researchers **cannot** apply for a Fellowship on a NHMRC Proposal **and** a Future Fellowship Proposal.

## **10. Eligibility Exemption**

- 10.1.2 Eligibility Exemption Requests received after **5.00 pm (AEDT) Wednesday 9 March 2011** will only be considered in exceptional circumstances.
- 10.1.3 The Research Office will be advised of the outcome of any such request as soon as possible. If an Eligibility Exemption is given, the ARC will provide an identifying number for the exemption which is to be quoted on the relevant Proposal.
- 10.1.4 The ARC may grant an Eligibility Exemption for the Future Fellowship Candidate commensurate with a significant interruption or limitation of their research outputs owing to:
- a. periods of approved maternity/parental/carers leave;
  - b. greater than three months of unemployment;
  - c. part-time academic employment, where the part-time position is the Future Fellowship Candidate's sole source of employment; and/or
  - d. any other exceptional circumstances.
- 10.1.5 The ARC may grant an Eligibility Exemption for the Future Fellowship Candidate where evidence can be provided to indicate that the Future Fellowship Candidate's research qualification/experience is equivalent to a PhD obtained within the time limits (see subsection 7.2.2b).
- 10.1.6 The *ARC Eligibility Exemption Request* Form is available on the ARC website.

## **11. Submission of Proposals**

### **11.1 Proposals**

- 11.1.1 The Proposal must contain all the information necessary for assessment without the need for further written or oral explanation, or reference to additional documentation, unless requested by the ARC.
- 11.1.2 All details in the Proposal must be current at the time of submission.

### **11.2 Submission of Proposals in the RMS**

- 11.2.1 Administering Organisations must submit Proposals through the RMS unless otherwise advised by the ARC.

### **11.5 Conflict of Interest**

- 11.5.1 Each party involved in a Proposal must declare at the date of submission any Conflict of Interest that exists or is likely to arise in relation to any aspect of the Proposal.
- 11.5.2 If a Conflict of Interest exists or arises, the Administering Organisation must have documented processes in place for managing the Conflict of Interest for the duration of the Project. Such processes must comply with the NHMRC/ARC/UA *Australian Code for the Responsible Conduct of Research (2007)* and any relevant successor document.

## **12. Selection and Approval Process**

### **12.1 Assessment and Selection Process**

- 12.1.1 Assessment of Proposals is undertaken by the ARC, which has the right to make recommendations for funding to the Minister, based on any number of assessments or solely on the basis of its expertise.
- 12.1.2 All Proposals may be:
  - a. considered against eligibility criteria and compliance with the Funding Rules;

- b. assigned to independent assessors, from a range of organisations, who will assess and report, which may include written comments, on the Proposal against the selection criteria; and
- c. ranked and allocated a budget, relative to other Proposals, by the Selection Advisory Committee, on the basis of the Proposal, any assessors' reports and any rejoinder.

12.1.3 The ARC has procedures in place for managing organisational and personal Conflicts of Interest for assessors, members of the Selection Advisory Committee, members of other ARC Committees and ARC staff.

## **12.2 Rejoinder**

The Administering Organisation may be given the opportunity for a rejoinder to assessors' written comments, and to provide any additional information requested by the ARC. Names of assessors will not be provided to the Administering Organisation.

## **12.3 Request Not to Assess**

Administering Organisations may name any person or persons whom they do not wish to assess a Proposal on a 'Request not to Assess' form. The notification must be sent to the email address advised under Contacts at the beginning of these Funding Rules and received by the ARC by the closing time for Proposals, **5:00 pm (AEST), Wednesday 20 April 2011**. The ARC will consider the justification put forward to exclude any person as an assessor, but may choose not to give effect to such a request.

## **12.4 Recommendations and Offer of Funding**

- 12.4.1 In accordance with the ARC Act, the CEO will submit funding recommendations to the Minister for consideration. The Minister will determine which Proposals will be approved and the amount and timing of funding to be paid to Administering Organisations for approved Proposals.
- 12.4.2 Under the ARC Act, the Minister must not approve for funding any Proposal that fails to meet the eligibility criteria set out in these Funding Rules.
- 12.4.3 Administering Organisations whose Proposals are approved will be notified in a letter of offer that will indicate the funding to be offered and provided with a copy of a Funding Agreement for signing.
- 12.4.4 The Minister may vary the funding approval if the ARC recommends that the particular circumstances of the Project warrant variation. Any variation or change will accord with the *Future Fellowships* Funding Rules and Funding Agreement.

## **13. Appeals Process**

- 13.1.1 Appeals will be considered only against administrative process issues and not against the assessment outcome.
- 13.1.2 Appeals must be submitted by the Administering Organisation on the ARC Appeals Form, authorised by a Deputy Vice-Chancellor (Research), Chief Executive Officer or equivalent. Appeals must be received **within 28 days** of the date of the notification to the Administering Organisation of the outcome of Proposals.

- 13.1.3 Appeals must be addressed and sent to the address advised under Contacts at the beginning of these Funding Rules.

## **14. Reporting Requirements**

### **14.1 Progress Reports**

- 14.1.1 Year 1: Report by Exception. A report must only be submitted if significant issues are affecting the progress of the Project. The report must specify the actions being taken to address the issues. Years 2 and 3: A Progress Report must be submitted with the instructions to be provided by the ARC each year.
- 14.1.2 If the ARC is not satisfied with the progress of any Project, further payment of funds will not be made until satisfactory progress has been made on the Project. If satisfactory progress is still not achieved within a reasonable period of time, the funding may be terminated and all outstanding monies will be recovered by the ARC.
- 14.1.3 When required, Progress Reports must be submitted by 31 January in the year following each full calendar year for which the funding was awarded as directed by the ARC.

### **14.2 End of Year Reports**

The Administering Organisation must submit an End of Year Report by 31 March in the year following each full calendar year for which the funding was awarded in accordance with the instructions to be provided by the ARC each year.

### **14.3 Final Report**

- 14.3.1 A Final Report must be submitted for the Project within 12 months of the final payment or within 12 months of the final approved carryover of funds as directed by the ARC.
- 14.3.2 The Final Report must justify why any publications from the Project have not been deposited in appropriate repositories within 12 months of publication. The Final Report must outline how data arising from the Project has been made publicly accessible where appropriate.
- 14.3.3 If any reports are not submitted or are not satisfactory to the ARC this will be noted against future Proposals submitted by the Future Fellow.
- 14.3.4 The ARC may also seek additional information about subsequent publications after submission of the Final Report.

### **14.4 Audited Financial Statement**

- 14.4.1 In accordance with section 58 of the ARC Act, the Administering Organisation must submit an Audited Financial Statement by 30 June for each year following each calendar year for which the funding was awarded.
- 14.4.2 In completing the Audited Financial Statement, the Administering Organisation must ensure that the amount shown in that statement as 'approved carry forward funds' is the same as the amount (if any) for which approval was given by the ARC to carry over in the End of Year Report.

## **15. Fundamental Principles of Conducting Research**

### **15.1 Ethics and Research Practices**

- 15.1.1 All Proposals and ARC-funded research Projects must conform to the principles outlined in the following and their successor documents:

as applicable, the NHMRC/ARC/AVCC *National Statement on Ethical Conduct in Human Research (2007)*; and

In making public information about a Proposal which has been approved for funding, the ARC may use a Project description, including title and summary, which may differ from that provided in the Proposal.

### **15.4 Intellectual Property**

- 15.4.1 The ARC does not claim ownership of any intellectual property in a Proposal.
- 15.4.2 The Administering Organisation must adhere to an Intellectual Property policy, approved by the Administering Organisation's governing body, which has as one of its aims the maximisation of benefits arising from research. Unless otherwise approved by the Commonwealth, the Administering Organisation's Intellectual Property policy must comply with the *National Principles of Intellectual Property Management for Publicly Funded Research* as amended from time to time.

### **15.5 Incomplete or Misleading Information**

- 15.5.1 It is a serious offence to provide false or misleading information to the Commonwealth.
- 15.5.2 If the ARC considers that a Proposal is incomplete, inaccurate or contains false or misleading information, the ARC may in its absolute discretion decide to recommend that the Proposal not be approved for funding.

15.5.3 Examples of misleading information and misconduct include:

- a. providing fictitious research opportunity and performance evidence;
