6.1. The provision of any Funding for a Project is conditional on all information contained in the Proposal for that Project and all reports required by this Agreement from the Administering Organisation being complete, accurate and not misleading. The Commonwealth regards inaccurate and misleading information as including, but not being limited to, claiming fictitious track records, inflating funds obtained from other sources and false claims in the publication record, for example describing a paper as being 'in press' or accepted even though it has only been submitted.

In addition, each Project will be conducted in accordance with the 'Project Description' contained in the Proposal, or any revised budget, aims and research plan which have been submitted by the Administering Organisation and approved by the ARC. In the case that the Administering Organisation is granted a lesser amount of funding than was requested for a Project, the Administering Organisation should ensure that a revised budget is agreed with the Project Leader before the commencement of the Project.

7.2. The Administering Organisation must ensure that expenditure on each Project is in accordance with the 'Project Description' contained in the Proposal and within the broad structure of the proposed 'Project Cost' detailed in the Proposal. 11.2. The written agreement must be entered into with each other Participating Organisation before the Final Commencement Date and must include provisions that:

(a) outline the roles, contributions and research that will be undertaken by the Administering Organisation and relevant Participating Organisation;
(b) outline the roles, contributions and research that will be undertaken by any other Participating Organisation;

(c) under the ITRH and ITTC schemes, outline the responsibilities of the Participating Organisation in contributing to the governance of the Project;

(d) under the LIEF scheme, outline the location of the Research Infrastructure;

(e) under the LIEF scheme, outline the terms and conditions of access to the Research Infrastructure for both Specified Personnel and users of the Research Infrastructure named in the Proposal;

(f) under the LIEF scheme, outline the terms and conditions of access to the Research Infrastructure for researchers not associated with the Project;

(g) under the LIEF scheme, outline the details of the arrangements and costs of managing the Research Infrastructure (including any recurrent expenditure) and how any costs will be distributed across the users of the Research Infrastructure;

(h) describe the Intellectual Property (IP) arrangements that apply to the IP each party brings to the Project (or background IP) as well as to the outcomes or results generated by the Project (or Project IP). Such arrangements must take into account maximising the return of benefits to Australia and unless otherwise approved by the ARC, comply with the National Principles of Intellectual Property Management for Publicly Funded Research and/or any successor document;

(i) outline the roles and responsibilities of the Administering Organisation and Other Eligible Organisations in relation to notification of research integrity matters in accordance with the ARC Research Integrity and Research Misconduct Policy and the investigation and management of breaches of the Australian Code for the Responsible Conduct of Research (2007);

(j) describe the processes for the entry and exit of all Participating Organisations, including arrangements (such as re-negotiation options) for any continuing use and/or ownership of background IP and Project IP when a Participating Organisation withdraws from the Project or when a Partner Organisation is closed down, dissolved, liquidated or sold;

(k) under the ITRH and ITTC schemes, provide an assurance from the Participating Organisation that the Participating Organisation’s relationship with the Administering Organisation and the Specified Personnel for the Project complies with the requirements specified in the Funding Rules, including:

i. that the Participating Organisation’s relationship with the Research Hub Director or Training Centre Director (as relevant) and CI(s) on the Project would not generate or represent a Conflict of Interest, or if a Conflict of Interest did exist or arise, that it will be managed in accordance with clauses 20.3 and 20.4;

ii. that the Participating Organisation satisfies the requirements for their organisation type (Partner Organisation, Other Eligible Organisation, Other Organisation) stipulated in the Funding Rules; and

iii. in the case of Specified Personnel employed by a Participating Organisation, that the Participating Organisation will make an appropriate contribution of time and operating costs (where relevant) towards the Project in relation to the participation of the Specified Personnel in the
Project as detailed in the Proposal;

(l) other than where the Participating Organisation is a Commonwealth Entity which contracts as part of the Commonwealth, an indemnity from the Participating Organisation in favour of the Administering Organisation that covers any loss, liability or expense incurred or suffered by the Administering Organisation as a result of any breach of this Agreement caused by the Administering Organisation’s reliance on the assurance given by the Participating Organisation in accordance with paragraph (k) above;

(m) are consistent with details contained in the Proposal, except as provided for in this clause; and

(n) do not impede or prevent the Administering Organisation from complying with any of its obligations under this Agreement.

11.3. The written agreement under this clause should also consider including provisions that:

(a) provide an assurance from the Participating Organisation for the continued operation of the Project unhindered by ownership of IP;

(b) provide an assurance that following the transfer of any IP by the Administering Organisation to the Participating Organisation, the Administering Organisation may continue to teach and research in any and all areas protected by the IP, and develop new unencumbered IP;

(c) provide an assurance that where the ownership of any IP is transferred to a Participating Organisation as a result of the collaboration for which funding is provided, upon the closing down, dissolution and/or liquidation of the Participating Organisation, during the term of the Agreement, the ownership of the IP shall be renegotiated with the Administering Organisation;

(d) provide an assurance that upon any sale of the Participating Organisation in part or in full, the Administering Organisation has reasonable opportunity to retain the proposed benefits to Australia on which the funding was awarded; and

(e) continue to satisfy the requirements of this clause at all times during the Project Activity Period for the Project.

11.4. Under the ITRH and LP schemes, the Administering Organisation must ensure that the Partner Organisation contributions for a Project satisfy the requirements of this Agreement (including in the Funding Offer) and the Funding Rules.

11.5. Under the ITRH scheme, in exceptional circumstances, the ARC will consider approving an exemption to 11.4 where a Project is not able to meet the Partner Organisation Cash Contribution requirements of the Funding Rules. The Project must still have Partner Organisation Cash and/or In-kind Contributions to at least match dollar-for-dollar the financial assistance to be provided by the Commonwealth.

11.6. Unless otherwise approved by the ARC, the Administering Organisation must ensure that each Participating Organisation provides contributions as set out in the Proposal. However, if the Funding for a Project is less than the amount requested in the Proposal for that Project, the Participating Organisation contribution may be reduced by the same proportion. In all cases for the ITRH, LP and LIEF schemes, the minimum requirements for the eligible Participating Organisation contribution as set out in this Agreement and the Funding Rules continue to apply.
11.7. Under the LIEF scheme, except in the case of subscriptions or other payments to major international facilities, or as otherwise approved by the ARC, all contributions, including Participating Organisations contributions are to be expended within 12 months of the Project Start Date.

11.8. Once a written agreement for a Project has been entered into by each Participating Organisation and the Administering Organisation, the Administering Organisation must provide to the ARC the *Participating Organisation Agreed Contribution Report*, on the relevant form made available by the ARC in RMS.

11.9. If a written agreement between a Participating Organisation and the Administering Organisation is revised in accordance with this Agreement to change the level of Participating Organisation contribution, the Administering Organisation must provide to the ARC a revised *Participating Organisation Agreed Contribution Report*, on the relevant form made available by the ARC in RMS.

11.10. The Administering Organisation must ensure that each Participating Organisation is provided with timely notice of progress made on the Project.

11.11. The Administering Organisation will retain the written agreement, and make it available to the ARC if required.

12. **International Facility Agreements**

12.1. Where a LIEF Project involves coordinated access to an international facility, the Administering Organisation must not allow the Project to start, nor Funding to be expended, until it has entered into a written agreement with each international facility for that Project in accordance with this clause.

12.2. The written agreement must accord with the arrangements outlined in the Proposal and include provisions that:

(a) outline the role and contribution of the Administering Organisation and the international facility;

(b) outline the terms and conditions of access to the Research Infrastructure for both Specified Personnel and users of the Research Infrastructure named in the Proposal;

(c) outline the details of the arrangements and costs of managing the Research Infrastructure (including any recurrent expenditure) and how any costs will be distributed across the users of the Research Infrastructure;

(d) describe the Intellectual Property arrangements that apply to the outcome or results generated by the Project. Such arrangements must, unless otherwise approved by the ARC, comply with the *National Principles of Intellectual Property Management for Publicly Funded Research*;

(e) do not impede or prevent the Administering Organisation from complying with any of its obligations under this Agreement; and

(f) continue to satisfy the requirements of this clause at all times during the Project Activity Period for the Project.

12.3. The Administering Organisation will retain the written agreement, and make it available to the ARC if required.
13. Default of Participating Organisation

13.1. If the Administering Organisation receives notice that a Participating Organisation wishes to withdraw its support for the Project, or reasonably believes that a Participating Organisation is in default of any of its obligations under a written agreement entered into between that Participating Organisation and the Administering Organisation under clause 11, the Administering Organisation must immediately notify the ARC, and dependant on the intended course of action, must follow the procedure outlined in this clause.

13.2. Should the Administering Organisation wish to proceed without the defaulting Participating Organisation, and without a replacement Participating Organisation, it must complete the procedure listed below within three months from the date of notification from the Participating Organisation or from the date on which the Administering Organisation became aware that the Participating Organisation is not meeting its obligations, whichever is the earlier. By the end of the three-month period referred to in this clause:

(a) the Administering Organisation must request the ARC’s approval by submitting a VFA request, to remove the defaulting Participating Organisation and continue the Project without a replacement Participating Organisation and confirm that the modified arrangement complies with the requirements for Participating Organisations and the respective organisation contributions specified in this Agreement and the Funding Rules;

(b) the remaining Participating Organisations must provide a written undertaking to provide (in total) a replacement contribution equivalent to that which would have been provided by the Participating Organisation in default and which satisfies the requirements of this Agreement (for the ITRH and LP schemes, this includes using the criteria set out in Schedule C) and the Funding Rules; and

(c) the Administering Organisation and the remaining Participating Organisations must amend any existing agreement (as appropriate) consistent with clause 10 to reflect the revised Participating Organisation contribution arrangements.

13.3. Should the Administering Organisation wish to proceed with a replacement Participating Organisation or modified Participating Organisation arrangements it must complete the procedure listed below within three months from the date of notification from the Participating Organisation or from the date on which the Administering Organisation became aware that the Participating Organisation is not meeting its obligations, whichever is the earlier. By the end of the three-month period referred to in this clause:

(a) the Administering Organisation must request the ARC’s approval by submitting a VFA request, of a replacement Participating Organisation or modified remaining Participating Organisation arrangements which comply with the requirements for Participating Organisations and Participating Organisation contributions specified in this Agreement and the Funding Rules;

(b) the replacement or remaining Participating Organisations must provide a written undertaking to provide (in total) a replacement contribution equivalent to that which would have been provided by the Participating Organisation in default and which satisfies the requirements of this Agreement (for the ITRH and LP schemes, this includes using the criteria set out in Schedule C) and the Funding Rules);

(c) in exceptional circumstances the ARC may accept a lesser contribution which is sufficient for the Project to remain compliant with the contribution requirements of
the Funding Rules; and
(d) the Administering Organisation and the replacement Participating Organisation or remaining Participating Organisations must enter into a written Participating Organisation Agreement, or amend any existing agreement (as appropriate) consistent with clause 11 to reflect the revised Participating Organisation contribution arrangements.

13.4. The ARC may approve a replacement Participating Organisation if the replacement Participating Organisation meets the eligibility criteria as specified in the Funding Rules.

13.5. If the ARC approves a modified Participating Organisation arrangement, within three months of the date of approval by the ARC the Administering Organisation must provide to the ARC a revised Participating Organisation Agreed Contribution Report on the relevant form made available by the ARC. The revised report must reflect the new approved arrangements and provide confirmation to the ARC that the new or revised agreements have been effected. In exceptional circumstances, the ARC may consider a written request for a further extension beyond the three months.

13.6. To avoid doubt, the funding condition set out in clause 4.2(f) will not have been satisfied if:
(a) the ARC does not approve any replacement Participating Organisation or the modified Participating Organisation arrangements proposed under this clause; or
(b) the Administering Organisation does not attempt to find any replacement Participating Organisation or modify existing Participating Organisation contribution arrangements.

14. **Commencement of Project: Final Date for Commencement and Participating Organisation Written Agreements**

14.1. All Projects under this Agreement must start by the Final Commencement Date (i.e. within six months of the Project’s Funding Offer being executed by the ARC in RMS).

14.2. Pursuant to clause 7, the Administering Organisation must not allow a Project to commence, nor Funding to be expended, until it has entered into a written agreement with each Participating Organisation in accordance with clause 11. The Administering Organisation must reach agreement with each other Participating Organisation and enter into a written agreement with each such organisation before the applicable Project Start Date as determined in accordance with this clause.

14.3. If the Administering Organisation wishes to defer the Project Start Date for up to six months beyond the Final Commencement Date, a written request justifying the requested deferral in terms of exceptional circumstances must be made to the ARC through the Administering Organisation’s Research Office by submitting a VFA request, prior to the Commencement Date.

15. **Suspension of Project**

15.1. Under the LP scheme, if any of the Specified Personnel on a Project is not able to perform the Project for a period or periods of time the Project may be suspended for a period or periods totalling up to 12 months. The duration of a Project may be extended for a period equal to the duration of the approved suspension(s). The Funds for the Project which would otherwise have been payable during the suspension period(s) will continue to be paid to the Administering Organisation during the suspension period(s) and the ARC will
not supplement the Funds to cover any additional costs incurred as a result of the suspension or delay in finalisation of the Project.

15.2. If a proposed suspension is to commence after the first 12 months of the Project and is for six months or less, the Administering Organisation may, at its discretion, approve the suspension. The Administering Organisation shall advise the ARC of any such approvals within three months by submitting a VFA request.

15.3. If the proposed suspension is to commence within the first 12 months of the Project or is for more than six months, the Administering Organisation must submit a VFA request to seek the ARC’s approval to suspend the Project. The ARC will approve such suspensions only if detailed written justification for the request is provided. The approval of a suspension is at the ARC’s absolute discretion. If approved, the Administering Organisation must detail the suspension in its next progress or Final Report for the Project.

15.4. Subject to this clause, suspensions without the written approval of the ARC will be a breach of this Agreement and may result in the immediate termination of the Project.

16. Change of Specified Personnel

16.1. If a CI or PI is at any time during the term of a Project no longer able to continue working on the Project, the Project may continue provided that:

(a) under the ITRH and ITTC schemes there remain:
   i. at least two CIs from the Administering Organisation, where one will be the Research Hub Director or Training Centre Director;
   ii. at least one CI from each Eligible Organisation; and
   iii. at least one PI from each Partner Organisation;

(b) under the LIEF and LP schemes there is at least one original CI working on the Project;

(c) all replacement CIs or PIs meet the eligibility criteria, as specified in the Funding Rules for the particular role they are to perform, for the period for which they are to perform that role;

(d) all replacement CIs and PIs must have the relevant expertise which is commensurate with the standard of the original research team which was awarded the Project;

(e) under the ITRH, ITTC and LP schemes all replacement PIs must have research and/or supervision/mentoring and/or management expertise which is commensurate with the standard of the original research team which was awarded the Project;

(f) under the LIEF scheme, if the participant undertaking the role of Facility Manager is no longer able to continue working on the Project, another participant must fill the Facility Manager role;

(g) approval is sought from the ARC for the change in Specified Personnel by submitting a VFA request to the ARC within three months of the date that the Specified Personnel ceased working on the Project;

(h) any replacement CIs or PIs (‘New Personnel’) proposed for a Project will require the Administering Organisation to obtain certifications from the New Personnel and their employers that are equivalent to the certifications for other Specified Personnel.
Personnel on the Project; and

(i) the change in Specified Personnel is approved, in writing, by the ARC.

16.2. Under the LIEF and LP schemes, if a CI is the only CI on a Project, and their involvement with the Project is to cease, Funds for the Project will be terminated.

16.3. Under the ITRH and ITTC schemes, if, at any time during the Project Activity Period, the Research Hub Director or the Training Centre Director, respectively, is unable to continue in the role, a Project may be continued under another Research Hub Director or Training Centre Director, provided that:

(a) the person meets the eligibility requirements for a Research Hub Director or Training Centre Director as set out in the Funding Rules;

(b) the ARC is notified in writing within five days of the Administering Organisation becoming aware of the circumstances;

(c) a request is made by the Administering Organisation to the ARC in writing within 20 days of the Administering Organisation becoming aware of the circumstances by submitting a VFA request; and

(d) the replacement Research Hub Director or the Training Centre Director is identified via a competitive process and approved by the ARC.

16.4. A request under clause 16.3 must include:

(a) the reason for the departure of the current Research Hub Director or Training Centre Director;

(b) a curriculum vitae of the proposed Research Hub Director or Training Centre Director;

(c) agreement from the proposed Research Hub Director or Training Centre Director to undertake the role;

(d) letters of support from all Participating Organisations agreeing to the appointment of the proposed Research Hub Director or Training Centre Director; and

(e) a brief explanation of the Project’s continued operation under the proposed Research Hub Director or Training Centre Director, including, but not limited to, arrangements for the management of the Project and administration of the Funding.

(f) The process undertaken to identify a new Research Hub Director or Training Centre Director.

16.5. When the ARC receives notice that a Research Hub Director or Training Centre Director is unable to continue in this role, the ARC will undertake a review of the Project and its activities to examine the research planning and management arrangements of the Project. The Administering Organisation must provide any reasonable assistance requested by the ARC to undertake the review.

17. Transfer of Project or Specified Personnel

17.1. The Administering Organisation must promptly notify the ARC of any Specified Personnel on a Project who moves to another organisation at any time during the Project Activity Period for that Project by submitting a VFA request.
17.2. Under the ITRH and ITTC schemes, the transfer of the Project to another Administering Organisation may only be considered if the Research Hub Director or Training Centre Director is transferring to another Eligible Organisation, and the transfer is in the best interests of the Project as determined by the ARC.

17.3. Under the ITRH and ITTC schemes, if, at any time during the Project Activity Period, the Administering Organisation becomes aware that a Research Hub Director or Training Centre Director intends to transfer to another Eligible Organisation (‘the recipient Eligible Organisation’), the Administering Organisation must notify the ARC in writing as soon as possible. The Administering Organisation may choose to retain the Project and replace the Research Hub Director or Training Centre Director through the process detailed in clause 16, or the Administering Organisation may agree to transfer the Project with the Research Hub Director or Training Centre Director, through the process detailed in clause 17.6.

17.4. Under the LP and LIEF schemes, if the transferring Specified Personnel is the Project Leader, then the Administering Organisation may seek the ARC’s approval for the transfer of the Project to a new Eligible Organisation by submitting a VFA request through the process detailed in clause 17.6, outlining arrangements for the continuation of the Project and the continued administration of the Funding.

17.5. Under the LP and LIEF schemes, the ARC will only consider the transfer of a Project to another Eligible Organisation under exceptional circumstances. While each case is considered individually, acceptable circumstances would include where the current Administering Organisation believes that there is substantial change in the research environment at their institution for that type of research (for example, disintegration of the research team, abolishment of the department, facilities becoming inoperable), or on compassionate grounds including carer responsibilities and family circumstances. Details of the circumstances must be provided to the ARC by submitting a VFA request.

17.6. In order to request the transfer of a Project to another Eligible Organisation (the ‘recipient Eligible Organisation), the Administering Organisation must submit a VFA request. The request must provide evidence that:

(a) all named parties agree to the transfer;

(b) the recipient Eligible Organisation agrees to provide support (including costs and in-kind financial support and facilities of commensurate quality) equivalent to or greater than that which would have been provided by the Administering Organisation and which satisfies the requirements of this Agreement and the Funding Rules;

(c) the eligibility and accountability requirements set out in the Funding Rules and the terms and conditions of this Agreement will be met;

(d) the recipient Eligible Organisation and the Project’s other Participating Organisation(s) will enter into a written Participating Organisation agreement of the type set out in clause 11;

(e) under the ITRH and ITTC schemes, the proposed transfer of the Project will not adversely affect the collaboration, critical mass, research and training capability developed at the Administering Organisation;

(f) under the ITRH and ITTC schemes, there is sufficient time available during the remainder of the Project Activity Period to build collaboration, critical mass research and training capability at the recipient Eligible Organisation;

(g) the research already undertaken will not be put at risk as a result of the proposed
transfer;
(h) the transfer will further enhance the research; and
(i) Project Personnel and the administration of the Funding will not be adversely affected by the proposed transfer.

17.7. Under the ITRH and ITTC schemes, when the ARC receives notice that a Project proposes to transfer its operations to another Eligible Organisation due to the intended transfer of the Research Hub Director or Training Centre Director, the ARC will undertake a review of the Project and its activities to examine the research planning and management arrangements of the Project, the Administering Organisation and the recipient Eligible Organisation. The Administering Organisation and the recipient Eligible Organisation must provide any reasonable assistance requested by the Commonwealth to undertake the review.

17.8. The ARC shall have regard to the circumstances surrounding the proposed transfer and may approve the transfer subject to any conditions the ARC considers appropriate.

17.9. When an Administering Organisation is requesting the transfer of Funding for a Project, the ARC may approve the transfer of unspent Funds and indicative Funding for the Project and any Assets as outlined in clause 24.4 to the recipient Eligible Organisation, subject to clause 17.10 below.

17.10. If ARC approval is granted in such circumstances to transfer the Funding (and any Assets):
(a) the Administering Organisation must:
   i. agree to any variation or termination (as applicable) of this Agreement proposed by the ARC to give effect to the changed Funding arrangements;
   ii. provide to the ARC, in writing, the amount of all unspent Funds for the Project, including any unspent funds not located at the Administering Organisation, and pay the ARC such unspent Funds. The ARC may then provide the unspent Funds to the recipient Eligible Organisation;
   iii. report expenditure of Funding for the Project prior to the transfer in its End of Year Report and identify the transfer in the relevant field; and
   iv. comply with any other directions reasonably given by the ARC to give effect to the transfer;
(b) the recipient Eligible Organisation must:
   i. enter into a new, or vary an existing, Funding Agreement with the ARC to give effect to the changed Funding arrangements;
   ii. report expenditure of Funding for the Project subsequent to the transfer in its End of Year Report and identify the transfer in that Report; and
   iii. enter into a written Participating Organisation agreement with the Project’s other Participating Organisation(s) of the type set out in clause 11.

17.11. Under the LIEF scheme, if a CI changes their organisation (the arrangement must be in accordance with E6.1.3 of the Funding Rules) and the ARC’s approval is not given for arrangements for the continuation of the Project and the continued administration of the Funding, the Project may be terminated and any unspent Funds recovered by the ARC.
17.12. The Project and any equipment and/or Research Infrastructure purchased with either the Funding or the Project’s Participating Organisation contribution (including any equipment which comprises the Participating Organisation contribution) must not be transferred to the recipient Eligible Organisation until ARC approval for the transfer of the Funding is granted.

17.13. Relocation expenses associated with the transfer will not be paid by the ARC.

17.14. If the transfer is not approved by the ARC, the Project may be terminated and any unspent Funds recovered by the ARC.

18. Relinquishment of a Project

18.1. The relinquishment of a Project will only be considered if the circumstances are exceptional and all Participating Organisations and Specified Personnel agree to the termination of the Project.

18.2. Notwithstanding this clause, successful Research Hub Directors, Training Centre Directors and Chief Investigators are required to relinquish the Active Projects or their roles on Active Projects nominated in their Proposal that would make them ineligible to hold the role, in order to comply with clause A6.4 of the Funding Rules.

18.3. If, at any time during the term of the Project Activity Period, the Project is relinquished by the Administering Organisation, Funding for the Project will be terminated. In such cases, any unspent Funding for the Project will be recovered by the ARC.

18.4. The Administering Organisation shall immediately advise the ARC of the relinquishment of the Project by means of submitting a VFA request.

18.5. The End of Year Report must contain details regarding any Projects that have been relinquished in that reporting year.

18.6. A Final Report must be submitted if the Project was active for more than one year, or if more than one year of Funding has been expended, or Research Outputs were produced.

19. Negation of Employment by the Commonwealth

19.1. Specified Personnel, any Personnel funded by a Project, the Administering Organisation, and any Participating Organisation is not by virtue of this Agreement the employee, agent or partner of the other Party and is not authorised to bind or represent the other Party.

20. Conduct of Research

20.1. The Project must be conducted in accordance with any Special Conditions specified in this Agreement and with any other requirements or conditions imposed by the ARC in connection with any Funding covered by this Agreement.

20.2. The Administering Organisation must ensure that a Project under this Agreement will not commence without appropriate ethical clearances from the relevant committees and/or authorities referred to in clause 21 or prescribed by the Administering Organisation’s research rules.

20.3. All parties involved in or associated with a Project are required to disclose to the Administering Organisation and the other parties involved in the Project, any actual or potential Conflict of Interest.
20.4. If a Conflict of Interest exists or arises, the Administering Organisation must have documented processes in place for managing the Conflict of Interest for the duration of the Project. Such processes must comply with the *Australian Code for the Responsible Conduct of Research* (2007), the *ARC Conflict of Interest and Confidentiality Policy* and any relevant successor document.

20.5. Each Project must, unless otherwise approved by the ARC in writing, conform to the principles outlined in the following and their successor documents:

(a) the *Australian Code for the Responsible Conduct of Research* (2007);

(b) as applicable, the *National Statement on Ethical Conduct in Human Research* (2007, updated 2015);

(c) as applicable, NHMRC *Values and Ethics: Guidelines for Ethical Conduct in Aboriginal and Torres Strait Islander Health Research* (2003);

(d) as applicable, Australian Institute of Aboriginal and Torres Strait Islander Studies *Guidelines for Ethical Research in Australian Indigenous Studies* (2012);

(e) as applicable, Australia Council for the Arts *Indigenous Cultural Protocols for Producing Indigenous Music; Writing; Visual Arts; Media Arts; and Performing Arts* (2007);

(f) as applicable, the *Australian Code for the care and use of animals for scientific purposes* (2013).

20.6. If there is any conflict between a successor document and its predecessor, then the successor document prevails to the extent of any inconsistency.

21. **Research Special Conditions**

21.1. Importation of experimental organisms: The Administering Organisation must ensure that, before experimental organisms are imported into Australia for the purposes of a Project, the Administering Organisation or the CI of the Project must obtain agreement in principle for the importation from the appropriate Commonwealth and State authorities.

21.2. Research involving humans or other animals: If any Project conducted by the Administering Organisation involves research on or involving humans or other animals, the Administering Organisation must ensure that the codes adopted for these purposes by the National Health and Medical Research Council, ARC and Universities Australia are complied with. The proposed research may not commence without clearance from the Administering Organisation’s Ethics or Biosafety Committee (or equivalent) and from any other relevant authority.

21.3. Deposition of biological materials: Any biological material accumulated during the course of a Project shall be transferred to an Australian body with statutory responsibility for control of such material. If no such body is available to take control of the biological material, then the Administering Organisation must dispose of the material in accordance with the Administering Organisation’s established safeguards.

21.4. Genetic manipulation: If a Project involves the use of gene technology (as defined in the *Gene Technology Act 2000*), then before the proposed research commences, the Administering Organisation must ensure that the research has been approved in writing by the relevant Biosafety and/or Ethics Committees (or equivalent) of the Administering Organisation. The Administering Organisation must retain all certificates relating to the
above and will provide evidence to the ARC if required to do so. The Administering Organisation must be accredited with the Office of the Gene Technology Regulator.

21.5. Ionising radiation: If a Project involves the use of ionising radiation, the Administering Organisation shall ensure that any personnel performing procedures involving ionising radiation are appropriately trained and hold a relevant current licence from the appropriate State authority. The Administering Organisation must retain all such licences and shall provide them to the ARC if required to do so.

21.6. Social science data sets: Any digital data arising from a Project involving research relating to the social sciences should be lodged with the Australian Social Science Data Archive (ASSDA) for secondary use by other investigators. This should normally be done within two years of the conclusion of any fieldwork relating to the Project research. If a CI is not intending to do so within the two-year period, they should include the reasons in the Project's Final Report.

22. **Material Produced Under this Agreement, Publication and Dissemination of Research Outputs and Research Data**

22.1. The Administering Organisation must establish and comply with its own policies, procedures and arrangements for the ownership and management of all Material produced as a result of any Project funded under this Agreement.

22.2. For any Material produced under this Agreement, the Administering Organisation must ensure that all Specified Personnel:

(a) take reasonable care of, and safely store, any data or specimens or samples collected during, or resulting from, the conduct of their Project;

(b) make arrangements acceptable to the ARC for lodgement with an appropriate museum or archive in Australia of data or specimens or samples collected during, or resulting from, their Project; and

(c) include details of the lodgement or reasons for non-lodgement in the Progress Reports and the Final Report for the Project.

22.3. Under the ITRH, ITTC and LP schemes, the ARC will support publication and dissemination costs as per the Funding Rules.

22.4. All ARC Funded research projects must comply with the **ARC Open Access Policy** on the dissemination of research findings, which is on the **ARC website**. In accordance with this policy, any Research Outputs arising from ARC Funded Research must be made openly accessible within a 12 month period from the publication date. Where this requirement cannot be met, reasons must be provided in the Final Report for the Project.

22.5. Metadata for all Research Outputs arising from ARC Funded Research must be made available to the public in an institutional repository as soon as possible but no later than three months from the date of publication. Metadata must include the ARC Project ID, list the ARC as a funding source and contain a Digital Object Identifier (DOI) to the Research Output. If a DOI is not available, then a permanent Uniform Resource Locator (URL) link must be provided instead to the Research Output.

22.6. Consistent with the requirements outlined in this clause any material published in respect of an ARC-funded research activity must include acknowledgement of the ARC’s funding, including the ARC Project ID.
22.7. The ARC strongly encourages all researchers receiving ARC funding to have an ORCID identifier in their RMS Profile.

22.8. The ARC strongly encourages the depositing of data arising from a Project in an appropriate publicly accessible subject and/or institutional repository. Where appropriate, the Final Report must outline how data has been made publicly accessible.

22.9. This clause survives the expiration or earlier termination of this Agreement.

23. **ARC Assessments**

23.1. The Administering Organisation must ensure that, for the term of this Agreement, if requested by the ARC, CIs, Research Hub Directors or Training Centre Directors agree to:

   (a) assess up to 20 new Proposals per awarded Project per annum for each year of Funding; and

   (b) update and maintain RMS user data in their profile including Field of Research codes and expertise text which would reasonably enable matching of their expertise to ARC proposals for the purpose of assigning and assessment.

23.2. If the ARC determines that a CI, Research Hub Director or Training Centre Director has failed to meet the obligation to manage RMS data in their profile or to assess Proposals assigned by the ARC for assessment, the ARC may notify the Administering Organisation in writing of that failure.

23.3. If a CI, Research Hub Director or Training Centre Director does not undertake assessment of the assigned Proposals within a period specified by the ARC the Administering Organisation will be considered to be in breach of this Agreement. If considered in breach, Funding for the relevant Projects on which the person is listed as Specified Personnel under this Agreement may be terminated.

24. **Assets**

24.1. Unless otherwise approved by the ARC, Assets purchased with Funding must be purchased for the exclusive purposes of the Project for the duration of the Project Activity Period.

43. **Applicable Law**

43.1. This Agreement is governed by the laws of the Commonwealth of Australia.
SCHEDULE A

Evaluation of the adequacy of Partner Organisation cash and In-kind Contributions for the ITRH and LP Schemes

This Schedule is to be used in determining the value of Partner Organisation contributions, which are required to be provided by Partner Organisations to the Administering Organisation. Such contributions must at least match dollar-for-dollar the financial assistance to be provided by the Commonwealth for Projects within the ITRH and LP schemes.

A1. Underlying principles and practical considerations

A1.1 The primary objectives in examining the Partner Organisation contribution are to ensure that:

(a) the available support is adequate for the successful completion of the Project;

(b) the total combined eligible Partner Organisation contribution (Cash Contributions and In-kind Contributions) matches at least dollar-for-dollar the financial assistance provided by the Commonwealth over the life of the Project. (Clause B5.2 and D5.2 of the Funding Rules describes the financial commitment requirements of Partner Organisations); and

(c) the Partner Organisation contribution is in accordance with the budget, aims and research plan contained in the Proposal or an approved revised budget, aims and research plan.

A1.2 The Partner Organisation contribution requirements specified in the Funding Rules and clause 11.5 of this Agreement must be met, unless in the case of the ITRH scheme, an exemption to the Partner Organisation Cash Contribution requirement is granted under clause 11.4 of this Agreement due to exceptional circumstances. If an exemption to the Partner Organisation Cash Contribution requirement is granted, the Project must still have Partner Organisation Cash and/or In-Kind Contributions to at least match dollar-for-dollar the financial assistance to be provided by the Commonwealth.

A1.3 In-kind Contributions that are shown to be essential and central to the conduct of the Project are given full recognition in evaluating the eligible Partner Organisation contribution. The onus is on the Administering Organisation to establish the merit of the case for recognition of the level and extent of the In-kind Contributions. As a general rule, the value of In-kind Contributions should reflect current internal and non-commercial rates.

A1.4 If the amount of total Commonwealth Funding for a Project varies from the amount sought in the Proposal for the Project, the Project Leader, or in the case of the ITRH scheme, the Research Hub Director, must discuss the matter with the Partner Organisation. If the Partner Organisation agrees that the research Project is viable within the parameters of the varied amount of Commonwealth funding, pro-rata adjustments may be made to the Proposal budget in accordance with clause 11.

A1.5 The Project Leader, or in the case if the ITRH scheme the Research Hub Director, is responsible for providing the Research Office of the Administering Organisation with evidence of any such Partner Organisation agreement for Funding acquittal and reporting purposes.
A1.6 In-kind Contributions to a Project may include, but are not restricted to, scientific liaison and management, direct technical support, or unique access to reagents, data, processors or equipment.

A1.7 Corporate membership or subscription fees in industrial consortia do not qualify as Partner Organisation contributions but the allocation of designated research funds, together with the identification of the linkages between the member and the Project, do qualify.

B1.2 The number of funded ICHDRs and ICPDs per Project and the salary payable appears in the Funding Offer. The Administering Organisation must conduct Projects involving ICHDRs and ICPDs in accordance with the Special Conditions in this Schedule B.

B2. Recruitment

B2.1 The Administering Organisation must undertake a process of competitive national and international recruitment for ICHDRs and ICPDs to be appointed under the Project, which must include:

(a) advertisement, selection and offers; and
(b) demonstrated effort to attract and recruit external and international candidates.

B2.2 Funding may be used for ICHDR and ICPD recruitment costs in the Establishment Period as specified in Schedule C.

B2.3 Details of the selection and recruitment process must be made available to the ARC on request for periodic audit purposes. These details will affect any requests for a carryover of Project funding.

B2.4 The recruitment process described above must commence within 12 months of the Project Start Date.

B3. Commencement of ICHDR or ICPD

B3.1 If an ICHDR or ICPD has not been appointed within two years from the Project Start Date for a year one commencing position, three years from the Project Start Date for a year two commencing position, four years from the Project Start Date for a year three commencing position, or five years from the Project Start Date for a year four commencing position, the Funds allocated to the ICHDR or ICPD component may be recovered.

B3.2 Other than in exceptional circumstances, failure to appoint ICHDRs or ICPDs within the approved timeframe will result in the immediate recovery of the Funds allocated to the ICHDR or ICPD component.

B3.3 For the purpose of this clause 'exceptional circumstances' includes, but is not limited to:
(a) an ICHDR or ICPD is appointed, then unexpectedly relinquishes the appointment just prior to the commencement of their term on the Project; or
(b) difficulties are encountered in recruiting ICHDRs and/or ICPDs due to the specialised nature of the Project.

B3.4 The term of the ICHDR or ICPD must end with the completion of the Project, unless approved by the ARC. The term of the ICHDR may be extended beyond the Project completion date for the purposes of meeting PhD requirements, however:
(a) the candidate must meet the requirement set out in clause B4.7 by the end of the Project; and
(b) the Administering Organisation will be responsible for ongoing support of the candidate and their research project until completion of that project.

The ARC will not supplement the Funds to cover any salary funding in excess of that originally funded for the Project.

B3.5 ICHDR stipend or ICPD salary funds may be approved by the ARC to be converted to Project Funding by submitting a VFA request only in exceptional circumstances.

B4. ICHDR and ICPD Duration

B4.1 ICHDRs are funded for two or three years, on a full-time basis, and ICPDs are funded for up to five years, on a full-time basis, subject to Parliamentary appropriations and the receipt of satisfactory Progress Reports as required by clause 33.3(h).

B4.2 The Administering Organisation must ensure that for the duration of their candidature the ICHDRs funded under the Project are enrolled in a HDR at an Eligible Organisation.

B4.3 The Administering Organisation must ensure that for the duration of the Project the ICPDs funded under the Project hold a PhD qualification and are employed for at least half-time (50 per cent FTE) at an Eligible Organisation (excluding honorary, adjunct or equivalent appointments).

B4.4 Funded ICHDRs and ICPDs must reside predominantly in Australia for the life of the Project and may seek approval from the Administering Organisation to undertake Field Research (if requested within the Proposal), nationally or internationally, or placement in organisation(s) either national or international directly related to the Projects within the time limits of the Funding Rules.

B4.5 Relocation expenses associated with any ICHDR or ICPD will not be reimbursed by the ARC.

B4.6 ICHDRs and ICPDs funded under the ITTC scheme cannot commence another ARC Award or Fellowship while supported with Funds from the Project.

B4.7 The Administering Organisation is responsible for ensuring that ICHDRs funded under the Project conduct research for a minimum total of one year full-time in placement within a Partner Organisation (outside the higher education sector) over the life of the Project.

B5. Extension of ICHDRs

B5.1 In accordance with clause C10.1.4 of the Funding Rules, all Projects include Funding in the fourth or fifth year of the Project for a six month extension for each ICHDR.

B5.2 If one or more ICHDRs on a Project do not require the six month extension to
complete their research, the Administering Organisation must submit a VFA request in the relevant year of the Project to relinquish the Funding for any ICHDR extensions that are not required.

**B6. Change of ICHDR or ICPD**

**B6.1** If an ICHDR or ICPD is no longer able to continue in the position, a new ICHDR or ICPD may be selected, in accordance with clause B2, by the Administering Organisation provided that the ICHDR or ICPD meets the eligibility criteria as specified in this Funding Agreement and the research requirements outlined in clause B4.7. If the Administering Organisation does not wish to appoint a replacement ICHDR or ICPD all unspent Funds associated with the position will be recovered by the ARC.

**B6.2** The unspent component of Funding provided for the initial ICHDR or ICPD may be used for the replacement ICHDR or ICPD. The ARC will not, however, supplement the Funds to cover any salary funding in excess of that originally funded for the Project. The Administering Organisation will be responsible for any shortfall between the amount of funding provided by the ARC and the amount required for the replacement ICHDR or ICPD.

**B6.3** The term of the replacement ICHDR may be extended beyond the Project End Date for the purposes of meeting PhD requirements. However:

(a) the candidate must meet the requirement set out in clause B4.7 by the Project End Date; and

(b) the Administering Organisation will be responsible for ongoing support of the candidate and their research project until completion of the candidate’s research project. ARC funds cannot be used past the Project End Date.

**B6.4** The term of the replacement ICPD must finish on the Project End Date.

**B7. ICHDR and ICPD Employment Conditions**

**B7.1** The Administering Organisation may provide ICHDRs and ICPDs with sick, recreation and maternity leave in accordance with the usual practice of the Administering Organisation. The ARC will not provide additional funds to cover accrued leave proposed to be taken after the ICHDR and ICPD period has expired or been terminated in accordance with this Agreement. ICHDRs and ICPDs should therefore take recreation leave or other leave during the period of the ICHDR and ICPD tenure.

**B7.2** The Administering Organisation may approve a part-time award subject to the conditions of the Administering Organisation.

**B7.3** The Administering Organisation must ensure the ICHDRs and ICPDs have access to periods of up to 14 weeks paid maternity leave where such leave is taken during the course of the Project. Additional funding will not be provided for this purpose. Project Funds may be used for maternity leave.

**B7.4** The Administering Organisation must ensure that ICHDRs and ICPDs are entitled to take up to two weeks paid partner/parental leave at the time of birth or adoption to the partner/parent who is not identified as the primary caregiver during the course of the Project. Additional funding will not be provided for this purpose. Project Funds may be used for partner/parental leave.
B7.5 The ARC will not supplement the Funds to cover any additional costs incurred as a result of any leave being taken or a delay in finalisation of the Project.
SCHEDULE C
Industrial Transformation Research Program Projects

C1. Establishment Period
C1.1 Notwithstanding clause 14.2, with prior approval from the ARC, the Administering Organisation may expend up to $100,000 from the Funding for ITTC or ITRH establishment purposes before all Participating Organisation agreements are executed (the Establishment Period).

C1.2 The establishment Funding may be used for the following purposes only:
   (a) salary for the Training Centre Manager, Research Hub Manager, or other senior administrative personnel employed by the Administering Organisation to directly assist the Training Centre Director or Research Hub Director and Administering Organisation in the establishment of the Centre;
   (b) recruitment costs including advertising and related travel;
   (c) establishment-related travel; and
   (d) other essential establishment requirements.

C1.3 The establishment Funding may not be used for any salaries other than noted in C1.2.

C1.4 The establishment Funding may not be used for any other aspect of a Training Centre or Research Hub’s operations.

C2. Recruitment Processes
C2.1 The ARC encourages the Training Centre or Research Hub to use innovative ways to recruit for prospective high quality positions including ICHDRs and ICPDs.

C2.2 If recruitment is staggered across the Project Activity Period, particularly if recruitment is occurring after year 3 of the Project, serious consideration must be given to a wind-down period for the Training Centre or Research Hub particularly supporting the supervision and mentoring of any students and postdoctoral researchers.

C3 Strategic Planning
C3.1 The Training Centre or Research Hub should develop, implement and maintain a strategic plan, which should be revised annually and updated over the Project Activity Period, ideally with input from a broad range of members. The strategic plan should incorporate, as appropriate:
   (a) a clear plain language statement of the Training Centre or Research Hub’s purpose and vision;
   (b) the expected outcomes of the research through the period of ARC Funding and at its conclusion, and indicators of success in achieving these;
   (c) research translation and/or Intellectual Property strategies;
   (d) identified and/or potential opportunities for end-user and industry collaborations;
   (e) broad succession plans for critical positions, including that of Training Centre Director or Research Hub Director;
   (f) opportunities for involvement in emerging research areas; and
(g) identified and/or potential sources of funding to support projects both during the Centre’s Project Activity Period and particularly beyond the Project Activity Period.

C3.2 As far as practicable, the Training Centre or Research Hub should develop and implement a Centre or Hub-specific gender equality plan which will support recruitment and employment of postdoctoral researchers, students and other staff including committees. The equality plan should position the Centre as a flexible and family-friendly work environment, and encourage the recruitment and employment of women as well as men with family or carer responsibilities. The equality plan should be developed in conjunction with the appropriate human resources areas of the Participating Organisations.

C4 On-going Hubs and Centres Funded in Previous ITRP rounds

C4.1 If the Administering Organisation has been successful in submitting a new Proposal, a transition statement must be provided to the ARC within 3 months of the Project’s Funding Offer being executed by the ARC.

C4.2 The transition statement should include:

(a) a comparative evaluation of the two Project’s research plans, including an explanation of any duplication or overlap and how the transition will be managed;

(b) an assessment of the time commitment of Personnel common to the two Projects and whether they have adequate capacity to undertake work across both Projects;

(c) a list of postgraduates and postdoctoral researchers and the remaining period of their participation in the previous Project (completion of thesis or expiration of contract);

(d) a detailed wind-down financial statement listing committed and expected expenditure of the previous Project’s allocation, including support for postgraduates and postdoctoral researchers; and

(e) if both projects have a period of overlap, a clear understanding that a researcher can only be Director on one project at a time.

C4.3 The ARC will consider the transition statement in relation to any transition arrangements, overlap or duplication of the two Projects. After notifying the Administering Organisation of the ARC’s decision, the ARC may recover some or all of the final year of Funding for the previous Project.

C5 Discretionary Funds

C5.1 When agreeing on the allocation of funds and establishing its financial systems, the Administering Organisation should designate and set aside funds to form a funding pool for discretionary expenditure. To permit flexibility in the use of the discretionary funds, the funds set aside should not be sourced solely from ARC Funding.

C5.2 Discretionary funds may be used for, but are not limited to:

(a) serendipitous projects arising from the Research Hub or Training Centre’s approved research program;

(b) exploratory projects in emerging research areas;

(c) travel grants for students, awarded on a competitive basis; and

(d) travel and/or project support for international visitors or Partner Investigators,
awarded on a competitive basis.

**C6. New Organisations participating on an ITRP Project**

C6.1 It may not be appropriate for all new organisations to be formally listed as Partner Organisations on the Project. A proposed new Partner Organisation must:

(a) contribute to the research activity within the scope of the originally approved research program;

(b) meet the eligibility criteria in the Funding Rules; and

(c) be agreed to by all existing Participating Organisations.

If the above conditions cannot be met, the new organisation should contribute as an associated organisation, unnamed on the Project or if the organisation is seeking a specific service or output, the organisation should be managed via a third party agreement or contract with the Administering Organisation or Other Eligible Organisation, as appropriate.

**C7. Administration of ITRP Projects**

C7.1 All ITRP Projects are expected to hold a launch event within 12 months of the Project Start Date. Launches should be organised in consultation with the ARC, following protocols set out in the ARC's event advice documentation (available from ARC Stakeholder Relations).

C7.2 It is expected that a Research Hub or Training Centre appear as a separate entity within the Administering Organisation. This includes having its own branding, which may include a website and logo, which duly acknowledges the ARC and all Participating Organisations.
