This report lists grant variations, where those variations involve additional payments and/or recoveries of public money. This includes transfers of projects and recovery of unspent funding returned to the ARC. The variations do not include additional funding for maternity leave, Australian Postgraduate Award Industry (APAI) extensions or relocation and thesis reimbursements, which are small variation provisions in the Funding Agreements. Negative figures are displayed in brackets (). A negative variation may be due to projects transferring from one organisation to another organisation. The minimum level for the Funding Agreement variation for this report is \$100,000. None previously awarded: A Funding Agreement for this organisation was not entered into for this scheme originally, but subsequent transfers have occurred during this financial year.
