

APS Job Code	APS Job Family	APS Job Function	APS Job Role	Description (typical tasks performed)	ANZSCO Code	ANZSCO Name	ANZSCO Description
100101	Accounting and Finance	Accounting	General Accountant	General Accounting professionals analyse financial information, and prepare financial reports to determine or maintain records of assets, liabilities, profit and loss, tax liability, appropriations or other financial activities of the department. Specialties could include Financial Accounting or Taxation Accounting.	221111	Accountant (General)	Plans and provides systems and services relating to the financial dealings of organisations and individuals, and advises on associated record-keeping and compliance requirements. Registration or licensing is required.
100102	Accounting and Finance	Accounting	Management Accountant	Management Accounting professionals plan, review and administer accounting systems and procedures, analyse the department's financial status and provide advice on financial planning and risk management. Practitioners require the appropriate Registration and or Licensing	221112	Management Accountant	Provides services relating to performance-based financial reporting, asset valuation, budgetary systems, cost management, pricing, forecasting and the strategic governance of organisations. Provides advice on financial planning, risk management, carbon sequestration projects and carbon pricing and provides management with reports to assist in decision-making. May provide insight into cost performance and support the implementation of benchmarking and quality improvement initiatives. Registration or licensing may be required.
100201	Accounting and Finance	Budget, Costs and Financial Analysis	Budgeting Officer/ Specialist (internal/ external budgets)	Budget professionals contribute to external budget publications, coordinate internal and externally driven budget processes and input information into the Central Budget Management System. They also update the organisation's funding model and report on budget-related matters.	132211	Finance Manager	Plans, organises, directs, controls and coordinates the financial and accounting activities within an organisation.
100202	Accounting and Finance	Budget, Costs and Financial Analysis	Cost Recovery/ Costing & Pricing Specialist	Costing professionals provide advice and guidance on financial sustainability as it pertains to cost modelling, cost recovery and pricing strategy, and improve resource allocation and provide service/product costing through assisting in the delivery of the fully effective costing models.	132211	Finance Manager	Plans, organises, directs, controls and coordinates the financial and accounting activities within an organisation.
100203	Accounting and Finance	Budget, Costs and Financial Analysis	Financial Analyst/ Financial Policy Analyst	Financial Analyst/ Financial Policy Analyst professionals plan, organise, direct, control and coordinate financial activities across an organisation. They also monitor, analyse and report to management on funding sources and appropriations. The offer appropriate solutions to issues as they arise.	132211	Finance Manager	Plans, organises, directs, controls and coordinates the financial and accounting activities within an organisation.
100204	Accounting and Finance	Budget, Costs and Financial Analysis	Financial Planner/ Financial Planning Officer	Financial Planner/ Financial Planning professionals invest and manage sums of money and assets on behalf of others over an agreed period of time, in order to generate income and profit.	222311	Financial Investment Adviser	Develops and implements financial plans for individuals or organisations, and advises on investment strategies and their taxation implications, securities, insurance, pension plans and real estate.
100302	Accounting and Finance	Finance	Debt Recovery Officer	Debt Recovery professionals monitor and collect consumer, commercial, insurance and other forms of debt for clients, make arrangements to settle overdue accounts and formalises payment arrangements. Includes specialisations like Debt Enforcement, Collections Agent and Repossession Agent.	599311	Debt Collector	Collects consumer, commercial, insurance and other forms of debt for clients, makes arrangements to settle overdue accounts, formalises payment arrangements and follows up until accounts are fully paid. Registration or licensing may be required.
100303	Accounting and Finance	Finance	General Finance Officer	General Finance professionals monitor creditor and debtor accounts, undertakes related routine documentation, and calculates and investigates the cost of wages, materials, overheads and other operating costs. This occupation group covers finance professionals not elsewhere classified, and can serve as a catch all for finance related roles not classified elsewhere	551111	Accounts Clerk	Monitors creditor and debtor accounts, and undertakes related routine documentation. May work in a call centre.

OFFICIAL

100401	Accounting and Finance	Procurement and Contracting	Contract Management Officer	Contract professionals prepare, interpret, maintain, review and negotiate variations to contracts on behalf of an organisation. This role also includes Purchasing professionals, who prepare purchase orders, monitor supply sources and negotiate contracts with suppliers.	511111	Contract Administrator	Prepares, interprets, maintains, reviews and negotiates variations to contracts on behalf of an organisation.
100403	Accounting and Finance	Procurement and Contracting	Pricing/Cost Analyst	Pricing/Cost Analyst professionals conduct price or cost analysis in connection with procurement actions or financial initiatives. This includes monitoring, analysing and reporting on inventory valuation, production and various other costs.	551111	Accounts Clerk	Monitors creditor and debtor accounts, and undertakes related routine documentation. May work in a call centre.
100404	Accounting and Finance	Procurement and Contracting	Procurement Officer	Procurement Officers legislate and operate control of procurement and grant business processes, including contract management. This role was previously known as Procurement and Funding Policy.	132211	Finance Manager	Plans, organises, directs, controls and coordinates the financial and accounting activities within an organisation.
100406	Accounting and Finance	Procurement and Contracting	Financial Investment Manager	Financial Investment Management professionals invest and manage sums of money and assets on behalf of others over an agreed period of time, in order to generate income and profit.* Practitioners may require registration and / or licensing through groups like FISA, APRA etc.	222312	Financial Investment Manager	Invests and manages sums of money and assets on behalf of others over an agreed period of time, in order to generate income and profit. Registration or licensing may be required.
100407	Accounting and Finance	Procurement and Contracting	Logistics Officer	Logistics professionals coordinate the purchasing, receipt, recording, monitoring, and distribution of goods and services. They also conduct the clearance and collection of imported cargo and shipment of cargo for export.*	591112	Production Clerk	Records and coordinates the flow of work and materials between departments, examines orders for goods, and prepares production schedules.
110101	Administration	General Administrative Support	Administrative Support Officer	Administrative Support professionals perform a range of clerical and administrative tasks not directly associated with a Project or Program (See "Project and Program" Job Family).	531111	General Clerk	Performs a range of clerical and administrative tasks.
110103	Administration	General Administrative Support	Data Entry Officer	Data Entry professionals enter, maintain and retrieve data from various sources in databases and/or systems.	532111	Data Entry Operator	Operates a keyboard to input and transfer data into a computer for storage, processing and transmission.
110201	Administration	Executive Support	Personal/Executive Assistant	Personal/Executive Assistance professionals perform liaison, administration, coordination and organisational tasks in support of Executives, Managers and professionals. This role may also be known as Executive Officer, Executive Assistance, EA or Coordination Officer.	521111	Personal Assistant	Performs liaison, coordination and organisational tasks in support of Managers and Professionals.
110302	Administration	Facilities and Property	Facilities and Estate Manager	Facilities and Estate Management professionals manage and oversee real estate and properties on behalf of an organisation, coordinate demand and supply of facilities and services including air conditioning, buildings, lifts, lighting, transportation, IT-services and furniture, supervise construction sites and organise and coordinate the material and human resources required for building fit out and maintenance, and provide advice on the administration and use of land and property.	149913	Facilities Manager	Organises, controls and coordinates the strategic and operational management of buildings and facilities in a public and private organisations to ensure the proper and efficient operation of all physical aspects of a facility, to create and sustain safe and productive environments for occupants.
110304	Administration	Facilities and Property	Environmental Manager	Environmental Management professionals oversee the environmental performance of private and public sector organisations and for developing, implementing and monitoring environmental strategies that promote sustainable development.	139912	Environmental Manager	Plans, organises, directs, controls and coordinates the development and implementation of an environmental management system within an organisation by identifying, solving and alleviating environmental issues, such as pollution and waste treatment, in compliance with environmental legislation and to ensure corporate sustainable development.

110402	Administration	Operational Support	Operational Practices and Standards Officer	Operational Practices and Standards professionals provide organisational governance, including internal practice statements, instructions, procedures and guidelines, to enable and support the delivery of operations.	224712	Organisation and Methods Analyst	Studies organisational structures, methods, systems and procedures.
110404	Administration	Operational Support	Business/Operations Manager	Business/Operations Management professionals plan, organise, direct, control and review the day-to-day operations and major functions of operations. This includes directing, leading, or managing operational teams.	512111	Office Manager	Organises and controls the functions and resources of an office such as administrative systems and office personnel.
110604	Administration	Asset Management	Acquisition, Disposal or Sustainment Manager	Acquisition, Disposal and Sustainment Managers plan and manage the sourcing, assessment and procurement of mobile and non-mobile assets, manage and administer the disposal of mobile and non-mobile assets, and manage the sustainment (use-in-service) of assets. This includes creating, updating, depreciating, disposal, stocktaking and revaluation of the assets listed in the assets register, providing policy advice on associated assets matters.	133611	Supply and Distribution Manager	Plans, organises, directs, controls and coordinates the supply, storage and distribution of goods produced by an organisation.
110701	Administration	Development Program	Trainee/Cadet/Apprentice	Trainee/Cadet/Apprentices undertake a development/training role across various areas within an organisation. *Employees should only be mapped here where it is not possible to map elsewhere within the framework.	N/A	N/A	N/A
120102	Communications and Marketing	Marketing	Marketing/Advertising Officer	Marketing/Advertising professionals identify market opportunities and advise on the development, coordination and implementation of plans for promoting services, gather and analyse information about target markets or customers, and devise and coordinate advertising campaigns and promotions of events and services.	225113	Marketing Specialist	Identifies market opportunities and advises on the development, coordination and implementation of plans for pricing and promoting an organisation's goods and services.
120201	Communications and Marketing	Creative Design	Creative/Visual or Graphic Designer / Illustrator	Creative/Visual Design professionals use traditional and digital media such as drawing, painting, drafting, collage, models, photography, and image capture and manipulation software to plan, design, develop and prepare information, diagrams and pictures for publication and reproduction using text, symbols, pictures, colours and layout to communication needs, ideas, clarify meaning, assist in presentations and illustrate stories.* Specialisations include Graphic Design, Illustration, Digital Design	232411	Graphic Designer	Plans, designs, develops and prepares information for publication and reproduction using text, symbols, pictures, colours and layout to achieve commercial and communication needs with particular emphasis on tailoring the message for the intended audience.
120302	Communications and Marketing	Public Relations and Stakeholder Management	Community Liaison Officer	Community Liaison professionals establish and facilitate communication between different community groups, organisations and governments.	224912	Liaison Officer	Establishes and facilitates communication between different community groups, organisations and governments.
120303	Communications and Marketing	Public Relations and Stakeholder Management	Events Officer	Events Officers organise and coordinate conferences, events, functions, banquets and seminars.	149311	Conference and Event Organisers	Conference and event organisers organise and coordinate services for conferences, events, functions, banquets and seminars.

OFFICIAL

120305	Communications and Marketing	Public Relations and Stakeholder Management	Public Relations and Media Officer	Public Relations/Media Officers manage information and communication exchanges between the organisation and the public, and manage the relationship between an organisation and the media. They plan, develop, implement and evaluate media strategies to manage information flow through a range of mediums.	225311	Public Relations Professionals	Plans, develops, implements and evaluates information and communication strategies that create an understanding and a favourable view of an organisation, its goods and services, and its role in the community.
120306	Communications and Marketing	Public Relations and Stakeholder Management	Stakeholder/Relationship Management Officer or Manager	Stakeholder/Relationship Management professionals manage the relationships between key stakeholders and the organisation, program or project. Advocacy-related roles may also be included as part of this Occupation if they relate to providing guidance to individuals and non-Government agencies on subjects such as access to grants, arbitration of disputes and effective engagement with the government agencies and the broader Public Sector.	224912	Liaison Officer	Establishes and facilitates communication between different community groups, organisations and governments.
120308	Communications and Marketing	Public Relations and Stakeholder Management	Digital Channels / Social Media Officer or Specialist	Digital Channel/Social Media professionals plan and implement communication via social media/digital channels on behalf of an organisation.	232413	Multimedia Designer	Plans, designs and develops the production of digitally delivered information, promotional content, instructional material and entertainment through online and recorded digital media using static and animated information, text, pictures, video and sound to produce information and entertainment tailored to an intended audience and purpose.
120402	Communications and Marketing	Writing and Editing	Communication Officer (Authoring/ Proofreading)	Communication professionals undertake journalism, writing tasks, editorial tasks and document creation on behalf of an organisation. Specialisations include Speech Writing, Technical and Academic Writing, Editing and Publishing	212499	Journalists and Other Writers	This occupation group covers Journalists and Other Writers not elsewhere classified.
120405	Communications and Marketing	Writing and Editing	Web/Publication Officer	Web/Publication professionals coordinate, collect, collate and publish printed materials, develop and publish material for web based publications that complies with editorial policy and access guidelines, and maintain one or many websites on behalf of an organisation ensuring that the servers, hardware and software operate correctly.	232414	Web Designer	Plans, designs, develops and prepares information for Internet publication with particular emphasis on the user interface, ease of navigation and location of information using text, pictures, animation, sound, colours, layout and data sources to deliver information tailored to an intended audience and purpose.
120503	Communications and Marketing	Multimedia	Media Producer (video or photo)	Media Production professionals plan, develop and distribute media in relevant forms (including video or photo) to communicate messages.	212112	Media Producer (Excluding Video)	Plans, administers and reviews activities concerned with publishing, or the production of films, television or radio programs, theatre, music, festivals or other artistic activities.
130101	Compliance and Regulation	Enforcement	Border Enforcement Operations Officer	Border Enforcement Operations professionals are deployed on a national, regional and district basis to a range of common operational scenarios and environments. They apply controls at air and sea terminals, wharves, depots, warehouses, specialised examination facilities, storage and disposal locations, immigration detention facilities and in the maritime domain. Specialisations include Removal Officers, Movement Monitoring, Marine Unit Enforcement, Detention Assessment, Status Resolution.	599511	Customs Officer	Administers and enforces customs and related legislation, and assists with customs control of overseas passengers, crew, aircraft, ships, cargo, mail and bond stores.
130107	Compliance and Regulation	Enforcement	Enforcement Officer	Enforcement professionals administer and enforce government and corporate regulations and standards. Specialisations include Regulation Enforcement Officer.	599599	Inspectors and Regulatory Officers nec	This occupation group covers Inspectors and Regulatory Officers not elsewhere classified.

OFFICIAL

130209	Compliance and Regulation	Inspection	Inspector	Inspectors and Regulatory Officers administer and enforce government and corporate regulations and standards. Specialisations include Quarantine Officer, Meat Inspector, Primary Products Inspector, Taxation Inspector, Water Inspector, Weight & Management Inspector, Compliance and Case Management, Biosecurity Inspector.	599599	Inspectors and Regulatory Officers NEC	This occupation group covers Inspectors and Regulatory Officers not elsewhere classified.
130301	Compliance and Regulation	Investigation	Investigator	Investigation professionals investigate alleged or suspected criminal violations of Federal, state, or local laws to determine if evidence is sufficient to recommend prosecution. Specialisations include Regulatory and Compliance Investigator, Identity Investigator.	599599	Inspectors and Regulatory Officers nec	This occupation group covers Inspectors and Regulatory Officers not elsewhere classified.
130503	Compliance and Regulation	Regulation/Compliance	Regulation Officer	Regulation professionals manage compliance processes, undertake and manage escalated and/or complex compliance investigations, and promote and encourage compliance assessment and decision making in line with best practice regulation frameworks.	599599	Inspectors and Regulatory Officers nec	This occupation group covers Inspectors and Regulatory Officers not elsewhere classified.
130504	Compliance and Regulation	Regulation/Compliance	Compliance Case Manager	Compliance Case Management professionals conduct and manage compliance case management and/or monitoring activities to assess regulated products and/or services for compliance with the appropriate legislation.	599599	Inspectors and Regulatory Officers nec	This occupation group covers Inspectors and Regulatory Officers not elsewhere classified.
140201	Engineering and Technical	Engineering Professional	Chemical/Materials Engineer	Chemical/Material Engineering professionals design and prepare specifications for chemical process systems and construct and operate commercial-scale chemical plants, supervise industrial processing and the fabrication of products undergoing physical and chemical change. They investigate the properties of metals, ceramics, polymers and other materials and assess and develop their engineering and commercial applications.	233111	Chemical Engineer	Designs and prepares specifications for chemical process systems and the construction and operation of commercial-scale chemical plants, and supervises industrial processing and fabrication of products undergoing physical and chemical changes. Registration or licensing may be required.
140203	Engineering and Technical	Engineering Professional	Electrical Engineer	Electrical Engineering professionals design, develop and supervise the manufacture, installation, operation and maintenance of equipment, machines and systems for the generation, distribution, utilisation and control of electric power. This includes Electrical Engineering draftspersons and technicians that assist in electrical engineering research, design, manufacture, assembly, construction, operation and maintenance.	233311	Electrical Engineers	Electrical engineers design, develop and supervise the manufacture, installation, operation and maintenance of equipment, machines and systems for the generation, distribution, utilisation and control of electric power.
140204	Engineering and Technical	Engineering Professional	Electronics Engineer	Electronics Engineering professionals design, develop, adapt, install, test and maintain electronic components, circuits and systems used for computer systems, communication systems, entertainment, transport and other industrial applications. This includes Electronics Engineering Draftspersons/Technicians that assist in electronics engineering research, design, manufacture, assembly, construction, operation and maintenance.	233411	Electronics Engineer	Designs, develops, adapts, installs, tests and maintains electronic components, circuits and systems used for computer, communication, command and warfare systems, entertainment, transport and other industrial applications. Registration or licensing may be required.
140205	Engineering and Technical	Engineering Professional	Engineering Manager	Engineering Management professionals provide expert policy advice within an engineering discipline, investigate, develop, implement and undertake compliance and review policies and procedures, risk analysis, report on engineering issues, and develop and implement advice.	133211	Engineering Manager	Plans, organises, directs, controls and coordinates the engineering and technical operations of an organisation.

140206	Engineering and Technical	Engineering Professional	Industrial/Mechanical/Production Engineer	Industrial/Mechanical/Production Engineering professionals design, organise and oversee the construction, operation and maintenance of mechanical and process plants. They perform installations and establish programs for the coordination of manufacturing activities.	233500	Industrial, Mechanical and Production Engineers nfd	This occupation group covers Industrial, Mechanical and Production Engineers not elsewhere classified.
140207	Engineering and Technical	Engineering Professional	Marine Engineer	Marine Engineering professionals control and manage the operation and maintenance of a ship's plant and equipment.	231212	Ship's Engineer	Controls and manages the operation and maintenance of a ship's plant and equipment. Registration or licensing is required.
140209	Engineering and Technical	Engineering Professional	Aeronautical Engineer	Aeronautical Engineering professionals perform and supervise engineering work concerned with the design, development, manufacture, maintenance and modification of aircraft for flight.	233911	Aeronautical Engineer	Performs and supervises engineering work concerned with the design, development, manufacture, maintenance and modification of aircraft for flight. Registration or licensing may be required.
140211	Engineering and Technical	Engineering Professional	Biomedical Engineer	Biomedical Engineering professionals apply knowledge and methodology of physics, engineering, mathematics, computing, physical chemistry and materials science to problems in biology and the treatment and prevention of human disease.	233913	Biomedical Engineer	Applies knowledge and methodology of physics, engineering, mathematics, computing, physical chemistry and materials science to problems in biology and the treatment and prevention of human disease. Registration or licensing may be required.
140212	Engineering and Technical	Engineering Professional	Communications Engineer	Communications Engineering professionals design, develop, adapt, install, test and maintain electronic components, circuits and systems used for computer systems, communication systems, entertainment, transport and other industrial applications.	233411	Electronics Engineer	Designs, develops, adapts, installs, tests and maintains electronic components, circuits and systems used for computer, communication, command and warfare systems, entertainment, transport and other industrial applications. Registration or licensing may be required.
140301	Engineering and Technical	Technician	Architectural/Building/Surveying Technician	Architectural/Building/Surveying Technician professionals perform technical functions to assist Construction Managers, Architects and Surveyors by supervising and inspecting construction sites, estimating time, costs and resources, inspecting plumbing work, and collecting and evaluating survey data and preparing maps and plans. Specialisations include Cartographer/Surveyor	312199	Architectural, Building and Surveying Technicians NEC	This occupation group covers Architectural, Building and Surveying Technicians not elsewhere classified.
140302	Engineering and Technical	Technician	CCTV, Radio and Satellite Technician	CCTV, Radio and Satellite Technician professionals install, maintain, repair and diagnose malfunctions of microwave, telemetry, multiplexing, satellite and other radio and electromagnetic wave communication systems, transmission equipment, aerial lines, conduits, cables, radio antennae and telecommunications equipment and appliances.	313211	Radio communications Technician	Installs, maintains, repairs and diagnoses malfunctions of microwave, telemetry, multiplexing, satellite and other radio and electromagnetic wave communication systems.
140306	Engineering and Technical	Technician	Mechanical Engineering Technician	Mechanical Engineering Draftsperson/Technician professionals assist in Mechanical Engineering research, design, manufacture, construction, operation and maintenance of machines, manufacturing equipment, mechanical installations and facilities.	312512	Mechanical Engineering Technicians	Conducts tests of mechanical systems, collects and analyses data, and assembles and installs mechanical assemblies in support of Mechanical Engineers and Engineering Technologists.
140309	Engineering and Technical	Technician	Explosive Ordnance Technician	Explosive Ordnance professionals perform a range of functions in response to explosive ordnance such as evaluation, risk reduction and response actions for contaminated sites.	399999	Technicians and Trades Workers nec	This occupation group covers Technicians and Trades Workers not elsewhere classified.
140311	Engineering and Technical	Technician	General Technician	General Technicians work across a variety of fields and materials. They research, improve and alter materials, including their physical properties. They also do quality control and write up the processes of tests performed on the raw material. Specialisations include Textiles Technician, Chemistry Technician, Mechanical Technician.	233914	Engineering Technologist	Analyses and modifies new and existing engineering technologies and applies them in the testing and implementation of engineering projects. Registration or licensing may be required.

140312	Engineering and Technical	Technician	Technical Manager	Technical Management professionals perform technical processes and assist others with technical problems. They observe and guide employees in how perform their duties.	139999	Specialist Managers nec	This occupation group covers Specialist Managers not elsewhere classified.
140402	Engineering and Technical	Examiners	Registration/IP Rights Examiner	Registration/IP Rights Examination professionals investigate and report on patent/trademark applications to assess their compliance with the requirements for registration under the relevant legislation. Specialisations include Plant Breeder Rights Examiner, Trade Mark/Design Examiner, Patent Examiner.	224914	Patents Examiner	Investigates and reports on patent applications to assess their compliance with the requirements of the Patents Act. Registration or licensing may be required.
150202	ICT and Digital Solutions	IT Business Management	ICT Quality Assurance Engineer	ICT Quality Assurance Engineer professionals create, maintain and manage technical quality assurance processes and procedures to assess efficiency, validity, value and functional performance of computer systems and environments. They also audit systems to ensure compliance with, and adherence to, the agreed quality standards. Individuals in this role may also supervise an ICT QA Team.	263211	ICT Quality Assurance Engineer	Creates, maintains and manages technical quality assurance processes and procedures to assess efficiency, validity, value and functional performance of computer systems and environments, and audits systems to ensure compliance with, and adherence to, accredited internal and external industry quality standards and regulations. May supervise the work of ICT quality assurance teams.
150204	ICT and Digital Solutions	IT Business Management	IT Architect	IT architecture professionals provide technical leadership, advice and guidance on business solutions to meet business needs and outcomes, at organisational or domain level. They inform organisational strategic direction, investment decisions, and project execution. Implement best practice and ensure currency with industry trends, practices and technologies. Titles for this role may include enterprise architect, solution architect, business architect, security architect, data architect, information architect, network architect, systems architect, software architect, support architect.	261111	ICT Business Analyst	Identifies and communicates with users to formulate and produce a requirements specification to create system and software solutions.
150205	ICT and Digital Solutions	IT Business Management	Enterprise Architect	Enterprise Architecture professionals develop enterprise-wide architecture and processes which ensure that the strategic application of change is embedded in the management of the organisation.	261111	ICT Business Analyst	Identifies and communicates with users to formulate and produce a requirements specification to create system and software solutions.
150206	ICT and Digital Solutions	IT Business Management	Infrastructure Engineer	Infrastructure Engineering professionals design and develop solutions to complex applications problems, system administration issues, or network concerns.	263111	Computer Network and Systems Engineer	Plans, develops, deploys, tests and optimises network and system services, taking responsibility for configuration management and overall operational readiness of network systems, especially environments with multiple operating systems and configurations, and provides troubleshooting and fault-finding services for network problems.
150207	ICT and Digital Solutions	IT Business Management	Product Manager	Product Management professionals define product strategy and roadmap, deliver market and product requirement documents, analyse the external environment and competition, deliver core positioning and messaging for the product, and set pricing.	135199	ICT Managers nec	This occupation group covers ICT Managers not elsewhere classified.
150301	ICT and Digital Solutions	Service Delivery	Database and Data Administration Officer	Databases and Data Administration professionals plan, develop, configure, maintain and support database management systems in accordance with user requirements ensuring optimal database integrity, security, back up, reliability and performance. Professionals in this role may also be known as Data Technicians or Data Custodians	262111	Database Administrator	Plans, develops, configures, maintains and supports an organisation's database management system in accordance with user requirements ensuring optimal database integrity, security, backup, reliability and performance.

150303	ICT and Digital Solutions	Service Delivery	ICT Infrastructure Officer	ICT infrastructure and Facilities professionals operate and control the IT infrastructure (including hardware, software, cloud technology, data stored on various media, and networked equipment) required to deliver and support IT services and products.	313199	ICT Support Technicians nec	This occupation group covers ICT Support Technicians not elsewhere classified.
150304	ICT and Digital Solutions	Service Delivery	Networks and Telecommunications Officers	Networks and Telecommunications professionals operate and control Local Area Network (LAN), Wide Area Network (WAN) and Telecommunications equipment.	263112	Network Administrator	Installs and maintains hardware and software, documents diagnosis and resolution of faults, manages user passwords, security and inventory documentation, ensures the efficient performance of servers, printers and personal computers, and attends to other operational tasks. May also perform tasks such as help desk support and user training.
150306	ICT and Digital Solutions	Service Delivery	Service Manager	Service Management professionals manage plan, implement, control and review ICT service provisions to meet customer business requirements. This includes implementation and monitoring of service level agreements and the ongoing management of operational facilities to provide the agreed levels of service for both contract-based services and internal client arrangements.	135199	ICT Managers nec	This occupation group covers ICT Managers not elsewhere classified.
150307	ICT and Digital Solutions	Service Delivery	Systems Administration Officer	Systems Administration professionals install, manage and maintain system software such as operating systems, data management products, office automation products and other utility software.	262113	Systems Administrator	Plans, develops, installs, troubleshoots, maintains and supports an operating system and associated server hardware, software and databases ensuring optimum system integrity, security, backup and performance.
150309	ICT and Digital Solutions	Service Delivery	Data Architect	Data Architecture professionals design strategies for enterprise databases, data warehouse systems, and multidimensional networks, set standards for database operations, programming, query processes, and security, and create and optimize data models for warehouse infrastructure and workflow.	261313	Software Engineer	Designs, develops, modifies, documents, tests, implements, installs and supports software applications and systems.
150401	ICT and Digital Solutions	Service Support	Helpdesk/Support Officer	Helpdesk/Support professionals provide support, education and guidance in the deployment and maintenance of computer infrastructure, and diagnosis and resolution of technical problems and issues.	313112	ICT Customer Support Officer	Provides support, education and guidance in the deployment and maintenance of computer infrastructure and the diagnosis and resolution of technical problems and issues. May work in a call centre.
150501	ICT and Digital Solutions	Solutions Development	Development and Programming	Development and Programming professionals design, create, test and document new and amended software components from supplied specifications in accordance with agreed development and security standards and processes.	261312	Developer Programmer	Interprets specifications, technical designs and flow charts, builds, maintains and modifies the code for software applications, constructs technical specifications, including cyber security, from a business functional model, and tests and writes technical documentation.
150502	ICT and Digital Solutions	Solutions Development	Systems Analyst	Systems Analyst professionals design, create and evaluate processes and methods used in existing ICT systems, propose modifications and additional system components or new systems to meet user needs as expressed in specifications and other documentation.	261112	Systems Analyst	Evaluates processes and methods used in existing ICT systems, proposes modifications, additional system components or new systems to meet user needs as expressed in specifications and other documentation.
150504	ICT and Digital Solutions	Solutions Development	Automation/AI/RPA Developer	Automation/AI/RPA Development professionals build, install, test, or maintain robotic equipment or related automated production systems, design, implement and support these systems, and evaluate the system design specification against functional requirements.	261399	Software and Applications Programmers nec	This occupation group covers Software and Applications Programmers not elsewhere classified.

150505	ICT and Digital Solutions	Solutions Development	Business Intelligence Developer	Business Intelligence professionals produce financial and market intelligence by querying data repositories and generating periodic reports, analyse user needs and develop software solutions, and devise methods for identifying data patterns and trends in available information sources.	261312	Developer Programmer	Interprets specifications, technical designs and flow charts, builds, maintains and modifies the code for software applications, constructs technical specifications, including cyber security, from a business functional model, and tests and writes technical documentation.
150506	ICT and Digital Solutions	Solutions Development	DevOps Engineer	DevOps Engineering professionals plan, implement and control activities to integrate/build components, subsystems and interfaces to create operational systems, products or services for delivery to customers, or for internal or interim purposes.	261316	DevOps Engineer	Facilitate and undertake communication, collaboration, integration and automation to improve efficiency and workflow across different specialist IT teams.
150507	ICT and Digital Solutions	Solutions Development	Software Engineer	Software Engineering professionals design, develop, modify, document, test, implement, install and support software applications and systems.	261313	Software Engineer	Designs, develops, modifies, documents, tests, implements, installs and supports software applications and systems.
150508	ICT and Digital Solutions	Solutions Development	Technology Architect	Technology Architecture professionals design and plan the implementation of new systems and technology.	261112	Systems Analyst	Evaluates processes and methods used in existing ICT systems, proposes modifications, additional system components or new systems to meet user needs as expressed in specifications and other documentation.
150509	ICT and Digital Solutions	Solutions Development	Information Architect	Information Architecture professionals design strategies for enterprise databases, data warehouse systems, and multidimensional networks.	261111	ICT Business Analyst	Identifies and communicates with users to formulate and produce a requirements specification to create system and software solutions.
150510	ICT and Digital Solutions	Solutions Development	Interaction Designer	Interaction Design professionals develop digital and/or physical interactions across technology, products, space and services media to enhance relationships and engagement with users.	261113	User Experience Designer (ICT)	A User Experience Designer is involved in the end to end development process. This includes user research and consultation, strategy, design, branding, usability, function and testing. User Experience Designers predominantly work with digital tools, such as apps and websites.
150511	ICT and Digital Solutions	Solutions Development	Network Engineer	Network Engineering professionals plan, develop, deploy, test and optimise network and system services, taking responsibility for configuration management and overall operational readiness of network systems, and provides troubleshooting and fault-finding services for network problems.	263111	Computer Network and Systems Engineer	Plans, develops, deploys, tests and optimises network and system services, taking responsibility for configuration management and overall operational readiness of network systems, especially environments with multiple operating systems and configurations, and provides troubleshooting and fault-finding services for network problems.
150512	ICT and Digital Solutions	Solutions Development	Robotics Engineer	Robotic Engineering professionals design prototypes, build and test machines, and maintain the software that controls them. They also conduct research to find the most cost-efficient and safest process to manufacture their robotic systems.	233513	Production or Plant Engineer	Plans, directs and coordinates the design, construction, modification, continued performance and maintenance of equipment and machines in industrial plants, and the management and planning of manufacturing activities. Registration or licensing may be required.
150513	ICT and Digital Solutions	Solutions Development	RPA Analyst	RPA Analyst professionals integrate robotic and automation technologies in engineering services to enhance productivity and precision and to reduce reliance on manual tasks.	261111	ICT Business Analyst	Identifies and communicates with users to formulate and produce a requirements specification to create system and software solutions.
150514	ICT and Digital Solutions	Solutions Development	Web Developer	Web Development professionals plan, produce and maintain websites using web programming languages, software applications, technologies and databases together with specifications of user needs.	261212	Web Developer	Plans, produces and maintains websites using web programming languages, software applications, technologies and databases together with specifications of user needs, often in conjunction with other ICT Professionals such as Business Analysts, Web Designers and network and usability specialists.

Plus immunologist	234611	Medical Laboratory Scientist	Conducts medical laboratory tests to assist in the diagnosis, treatment and prevention of disease. Registration or licensing is required.
230101	Service Delivery	Customer Advice and Support	Call, Contact or Smart Centre Officer	Call, Contact of Smart Centre professionals are the focal point for client telephone contact. They coordinate and provide timely and accurate advice and answers to clients.	541112	Call or Contact Centre Operator	Answers customer telephone, Internet and email inquiries about goods and services, and promotes the goods and services.
230102	Service Delivery	Customer Advice and Support	Client Partner/Case Manager	Client Partners/Case Management professionals collaboratively assess, plan, facilitate, coordinate, evaluate, and advise on options and services to meet an individual's or organisation's needs.	411711	Community Worker	Facilitates community development initiatives and collective solutions within a community to address issues, needs and problems associated with recreational, health, housing, employment and other welfare matters.
230104	Service Delivery	Customer Advice and Support	Customer Support Officer	Customer Support professionals provide information to stakeholders in response to enquiries and requests in support of organisational programs. This may include handling enquiries via phone, email, correspondence, live chat or social media. Specialisations include Receptionist, Customer Liaison/Counter.	541211	Information Officer	Responds to personal, written and telephone inquiries and complaints about the organisation's goods and services, provides information and refers people to other sources.
230105	Service Delivery	Customer Advice and Support	Emergency Manager	Emergency Management professionals create, manage and implement disaster or emergency plans that help the organisation reduce its vulnerability to hazards and cope with disasters. Specialisations include Recovery and Response.	441211	Emergency Service Worker	Attends the scene of emergencies to minimise risk to community safety and security.
230107	Service Delivery	Customer Advice and Support	Objections and Complaints Resolution Officer	Objections and Complaints Resolution professionals respond to personal, written and telephone inquiries and complaints about the organisation's goods and services, provide information and refer people to other sources.	541211	Information Officer	Responds to personal, written and telephone inquiries and complaints about the organisation's goods and services, provides information and refers people to other sources.
230109	Service Delivery	Customer Advice and Support	Sales Officer	Sales professionals facilitate an exchange of goods or services with customers for money.	611399	Sales Representatives NEC	This occupation group covers Sales Representatives not elsewhere classified.
230113	Service Delivery	Customer Advice and Support	Rostering and Workload Manager	Rostering and Workload Management professionals marshal, schedule and manage workloads and staffing to ensure the completion of work. Specialisations include Workforce Management.	541111	Call or Contact Centre Team Leader	Oversees and determines work requirements, monitors telephone calls, coaches and allocates duties to Call or Contact Centre Operators. Specialisations include Call or Contact centre Coach, Call or Contact Centre Workforce Planner.
230201	Service Delivery	Gallery, Museum and Tour Guides/Tourist Information	Guide	Guide professionals answer inquiries and direct and guide visitors on sightseeing, educational and other tours, and describe and explain points of interest.	451412	Tour Guide	Escorts visitors on sightseeing, educational and other tours, and describes and explains points of interest.
230403	Service Delivery	Program Delivery	Trade Assessor	Trade Assessment professionals assess and determine applications or claims under relevant laws for duty concessions, duty drawback applications, submissions and similar activities.	599611	Insurance Investigators	Conducts investigations into insurance claims to ensure their validity. Registration or licensing is required.

OFFICIAL

230404	Service Delivery	Program Delivery	Visa and Citizenship Decision Maker	Visa and Citizenship Decision Making professionals facilitate legitimate and responsive migration, and protect the community from those intending to circumvent border controls. They interpret and apply legislation and policy to exercise their delegated decision making powers on visa and citizenship applications or cancellations.	599512	Immigration Officer	Examines and assesses the entry of people from other countries, administers visas and residency applications according to immigration legislation, rules and policies, and, where necessary, uses legal powers to detain and remove illegal entrants.
230408	Service Delivery	Program Delivery	Grants Manager	Grants Management professionals administer grant agreements, provide advice on grants/contracts and funding agreements and interpret and apply relevant policy relating to programs.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
230409	Service Delivery	Program Delivery	Specialist Adviser	Specialist Adviser professionals provide advice, develop and implement plans in a specific area of specialist knowledge. Specialisations include Trade Technical.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
230410	Service Delivery	Program Delivery	Program Delivery Officer	Program Delivery professionals assess and deliver client payments and/or services that are available through a program administered by the organisation.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
230504	Service Delivery	Training	Specialist Training/Functional Trainer	Specialist/Functional Training professionals develop and deliver training and assess and endorse competence in a specialist area, for example Field Training Officers. They possess topic specific qualifications or experience as well as instructional ability. Specialisations may include AI Trainers training service centre AI solutions.	249111	Education Adviser	Conducts educational research and develops course curricula and associated teaching materials for use by educational institutions.
250104	Trades and Labour	Vehicles and Equipment Maintenance/Operation	Plant Operator	Plant Operation professionals operate plants to excavate earth, ore and rock, break up pavement, road, rock and obstructions, move and load earth, rock and debris, and level, smooth and compact surfaces in construction and other projects.	721211	Earthmoving Plant Operator	Earthmoving plant operators operate plant to excavate earth, ore and rock, break up pavement, road, rock and obstructions, move and load earth, rock and debris, and level, smooth and compact surfaces in construction and other projects.
250105	Trades and Labour	Vehicles and Equipment Maintenance/Operation	Print Machine Operator	Print Machine Operation professionals produce books, magazines, newspapers, brochures, posters, leaflets, packaging materials and stationery using printing presses.	392311	Printing Machinist	Produces books, magazines, newspapers, brochures, posters, leaflets, packaging materials and stationery using printing presses.
250106	Trades and Labour	Vehicles and Equipment Maintenance/Operation	Deck Hand Officer	Deck Hand professionals carry out a range of basic duties essential to the running and maintenance of a boat or ship.	899211	Deck Hand	Performs maintenance and lookout tasks aboard a ship.
250201	Trades and Labour	Transport and Logistics	Air Traffic Controller	Air Traffic Control professionals ensure the safe and efficient movement of aircraft in controlled airspace and aerodromes by directing aircraft movements.	231112	Air Traffic Controller	Ensures the safe and efficient movement of aircraft in controlled airspace and aerodromes by directing aircraft movements. Registration or licensing is required.
250202	Trades and Labour	Transport and Logistics	Driver	Driving professionals drive land and water based vehicles to transport passengers/ cargo to destinations. They also maintain vehicles.	731199	Automobile Drivers NEC	This occupation group covers Automobile Drivers not elsewhere classified. Registration or licensing is required.
250203	Trades and Labour	Transport and Logistics	Fleet Maintenance and Management	Fleet Maintenance and Management professionals conduct acquisition and on-going management of the organisation's vehicle fleet.	149411	Fleet Manager	Organises and controls the buying and selling of vehicles for rental agencies and coordinates the leasing of vehicles. Registration or licensing may be required.
250205	Trades and Labour	Transport and Logistics	Energy Supply Technician	Energy Supply Technicians coordinate and operate fuelling equipment. They ensure appropriate safety and operational procedures have been met in refuelling a vehicle and other machinery, or in the storage of fuel.	399999	Technicians and Trades Workers NEC	This occupation group covers Technicians and Trades Workers not elsewhere classified.
250301	Trades and Labour	Labourers	Horticulturalist/Gardener	Horticulture/Gardening professionals study and cultivate plants, including conservation, planning and constructing garden landscapes and arboriculture.	362711	Landscape Gardener	Plans and constructs garden landscapes.

OFFICIAL

OFFICIAL

250307	Trades and Labour	Labourers	Store person	Store persons receive, handle and despatch goods in a store or warehouse.	741111	Store person	Receives, handles and despatches goods in a store or warehouse.
250308	Trades and Labour	Labourers	Security Officer/Guard	Security Officer/Guard professionals provide security and investigative services to organisations and individuals. Specialisations include Surveillance Operations, Detention Operations.	442299	Security Officers and Guards	Security officers and guards provide security and investigative services to organisations and individuals.
250404	Trades and Labour	Trades	General Tradesperson	General Trades professionals build structures and frameworks by following specific blueprints. They utilize wood, metal and other materials, install cabinets and shelves, hang drywall, install moulding and trim, and ensure measurements and cuts are accurate, may also perform repair work and install hardware. Specialisations include Handyperson, Labouring, Instrument Electrician, Mechanic, Metal Fitter/Machinist, Carpentry, Electrician, Plumbing, Range Technician.	399999	Technicians and Trades Workers NEC	This occupation group covers Technicians and Trades Workers not elsewhere classified.
250407	Trades and Labour	Trades	Chef/Cook	Chefs/Cook professionals prepare, season and cook food in a dining or catering establishment.	351411	Cook	Prepares, seasons and cooks food in a dining or catering establishment.
250502	Trades and Labour	Animal Attendants and Trainers	Animal Attendant	Animal Attendant professionals train, feed, groom and care for animals. They also complete basic administrative tasks. Specialisations include Dog handler, Dog Training/Breeding.	361199	Animal Attendants and Trainers NEC	This occupation group covers Animal Attendants and Trainers not elsewhere classified.
260102	Portfolio, Program and Project Management	Design	Strategic Design Officer	Strategic Design professionals drive technical policy and product design development from a user experience, user interface, and usability standpoint. They provide direction and recommendations on design and development execution of product/service, create designs, draw wireframes and fabricate prototypes to monitor feedback for later improvement. Specialisations include Co-design Planning, Content Usability Design and Testing, Service Designers.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
260201	Portfolio, Program and Project Management	Program	Program Manager	Program Management professionals plan and undertake administration of a specific program of work. They oversee the status of the program and ensure all goals are met in a timely manner. Program management focuses on delivery of benefit and outcomes (rather than outputs) for an organisation in activities that are transformational in nature.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260202	Portfolio, Program and Project Management	Program	Program Reporting Officer	Program Reporting professionals develop and provide the necessary documentation and reporting to support the Program Manager with the management and coordination of a program.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260203	Portfolio, Program and Project Management	Program	Program Support Officer	Program Support professionals support the Program Manager with several related projects within specific program. They monitor project schedules and budgets, prepare progress reports, and liaise with key stakeholders.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260204	Portfolio, Program and Project Management	Program	SCRUM Master	SCRUM Master professionals plan, initiate, and manage information technology (IT) projects, and closely monitor progress to assure deadlines, standards, and cost targets are met.	135112	ICT Project Manager	Plans, organises, directs, controls and coordinates quality accredited ICT and cyber security projects. Accountable for day-to-day operations of resourcing, scheduling, prioritisation and task coordination, and meeting project milestones, objectives and deliverables within agreed timeframes and budgets.

OFFICIAL

260301	Portfolio, Program and Project Management	Project	Project Manager	Project Management professionals plan and undertake administration of a specific project. They oversee the purpose and status of the project and ensure all project goals and timeframes are met.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260302	Portfolio, Program and Project Management	Project	Project Reporting Officer	Project Reporting professionals develop and provide the necessary documentation and reporting to support the Project Manager with the management and coordination of a project.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260303	Portfolio, Program and Project Management	Project	Project Support Officer	Project Support professionals support the Project Manager. They monitor project schedules and budgets, prepare progress reports, and liaise with key stakeholders.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260304	Portfolio, Program and Project Management	Project	Agile Coach	Agile Coaching professionals formulate and implement Agile coaching frameworks, processes and standards to foster an Agile mindset and practices within the organisation and develop Agile teams.	511112	Program or Project Administrator	Plans and undertakes administration of organisational programs, special projects and support services.
260305	Portfolio, Program and Project Management	Project	Product Owner	Product Owners are responsible for advocating for business priorities and customer experience. They ensure that the most value is obtained within each project sprint and over the course of time that aligns with product vision.	135112	ICT Project Manager	Plans, organises, directs, controls and coordinates quality accredited ICT and cyber security projects. Accountable for day-to-day operations of resourcing, scheduling, prioritisation and task coordination, and meeting project milestones, objectives and deliverables within agreed timeframes and budgets.
260306	Portfolio, Program and Project Management	Project	Change Manager	Change Management professionals lead the assessment, analysis, development, documentation and implementation of changes based on requests for change. They implement organisational change smoothly as well as manage reactions to ensure a seamless transition during change.	132411	Policy and Planning Manager	Plans, organises, directs, controls and coordinates policy advice and strategic planning within an organisation.
260401	Portfolio, Program and Project Management	Evaluation	Evaluation Officer	Evaluation professionals conduct, facilitate and translate research that informs policy and initiatives, to ensure they are underpinned by the best available evidence, and are rigorously evaluated.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
260402	Portfolio, Program and Project Management	Evaluation	Performance Analysis & Reporting / Benefits Realisation Officer	Performance Analysis & Reporting / Benefits Realisation professionals establish measurement objectives and the scope of measurement for functions, teams and projects, plan and implement improvements to measurement capability, and reviews data collection and storage mechanisms.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
260501	Portfolio, Program and Project Management	Portfolio	Portfolio Manager	Portfolio Management professionals oversee the administration and coordination of activities within an organisation's portfolio.	139999	Specialist Managers nec	This occupation group covers Specialist Managers not elsewhere classified.
270201	Data and Research	Numerical Analysis	Actuary	Actuary professionals analyse mathematical, statistical, demographic, financial or economic data to predict and assess the long-term risk involved in financial decisions and planning.	224111	Actuary	Analyses mathematical, statistical, demographic, financial or economic data to predict and assess the long-term risk involved in financial decisions and planning. Registration or licensing is required.
270203	Data and Research	Numerical Analysis	Mathematician	Mathematician professionals develop and apply mathematical principles and techniques to solve problems in all areas of the sciences, engineering, technology, social sciences, business, industry and commerce.	224112	Mathematician	Develops and applies mathematical principles and techniques to solve problems in all areas of the sciences, engineering, technology, social sciences, business, industry and commerce.

OFFICIAL

270204	Data and Research	Numerical Analysis	Statistician	Statistician professionals design and apply statistical principles and techniques for collecting, organising and interpreting quantifiable data, and use statistical methodologies to produce statistical reports and analyses for government, commercial and other purposes.	224116	Statistician	Designs and applies statistical principles and techniques for collecting, organising and interpreting quantifiable data, and uses statistical methodologies to produce statistical reports and analyses for government, commercial and other purposes.
270205	Data and Research	Numerical Analysis	Data Analyst	Data Analyst professionals analyse datasets with a variety of tools to research and solve organisational issues and identify trends and insights to support organisational outcomes.	224114	Data Analyst	Gathers, cleans and interprets data by processing and applying information technology tools to transform, prepare and communicate results using interactive visualisations such as graphs and charts.
270206	Data and Research	Numerical Analysis	Econometric Modeller	Econometric Modelling professionals monitor major economic indicators, researching on industry and companies for investment processes, and conducting investment trend analyses.	224311	Economist	Performs economic research and analysis, develops and applies theories about production and distribution of goods and services and people's spending and financial behaviour, and provides advice to governments and organisations on economic policy issues.
270207	Data and Research	Numerical Analysis	Data Miner	Data Mining professionals design data modelling/analysis services that are used to mine enterprise systems and applications for knowledge and information that enhances business processes.	224115	Data Scientist	Applies analytical techniques and scientific procedures to large datasets by creating advanced algorithms and data models. Builds and deploys machine learning frameworks to obtain information for strategic planning and decision making.
270302	Data and Research	Research	Researcher	Research professionals plan, organise, direct, control and coordinate research and development activities, and gather and analyse data in a systemic way, research topics and theories and supervise research projects.	224115	Data Scientist	Applies analytical techniques and scientific procedures to large datasets by creating advanced algorithms and data models. Builds and deploys machine learning frameworks to obtain information for strategic planning and decision making.
270303	Data and Research	Research	Survey Developer	Survey Development professionals develop, target and oversee surveys, record responses, and produce market research.	561511	Survey Interviewers	Survey interviewers interview people and record their responses to survey and market research questions on a range of topics.
270304	Data and Research	Research	Business Analyst	Business Analyst professionals articulate and document business requirements and elicit high level requirements and capture business needs.	224711	Management Consultant	Assists organisations to achieve greater efficiency and solve organisational problems.
270306	Data and Research	Research	User Researcher	User Researchers design, organise, participate in and carry out research and testing with users of government services, developing a deep understanding of the users and their experiences with government services to inform policy, program and service design, delivery and improvement.	132511	Research and Development Manager	Plans, organises, directs, controls and coordinates research and development activities within an organisation.
270307	Data and Research	Data and Research	Data Engineer	Data engineers are responsible for managing, optimising, overseeing and monitoring data retrieval, storage and distribution within the organisation.	261312	Developer Programmer	Interprets specifications, technical designs and flow charts, builds, maintains and modifies the code for software applications, constructs technical specifications, including cyber security, from a business functional model, and tests and writes technical documentation.
270308	Data and Research	Data and Research	Data Scientist	Data Science professionals develop and implement techniques or analytic applications to transform raw data into meaningful information using data-oriented programming languages and visualization software.	224115	Data Scientist	Applies analytical techniques and scientific procedures to large datasets by creating advanced algorithms and data models. Builds and deploys machine learning frameworks to obtain information for strategic planning and decision making.
270309	Data and Research	Data and Research	Visual Analytics Specialist	Visual Analytics professionals create design concept visualisations in various formats, conduct research to uncover new methods of visual delivery and communicate data driven insights and recommendations, and visualise new design ideas by executing sketch prototypes and mock-ups.	224115	Data Scientist	Applies analytical techniques and scientific procedures to large datasets by creating advanced algorithms and data models. Builds and deploys machine learning frameworks to obtain information for strategic planning and decision making.
280101	Policy	Governance	International and Stakeholder Agreements and Negotiation Officer	International Delegations Management and Support professionals manage visiting delegations, associated information and learning exchanges. Specialisations include International Delegations Management and Support.	224912	Liaison Officer	Establishes and facilitates communication between different community groups, organisations and governments.

OFFICIAL

280105	Policy	Governance	Governance Officer	Governance Officer professionals support decision making processes, leadership structures, management auditing and procedural development. Specialisations include Secretariat & Committee Coordination.	132111	Corporate Services Managers	Plans, organises, directs, controls and coordinates the overall administration of an organisation.
280108	Policy	Governance	Corporate and Business Planner	Corporate and Business Planning professionals provide sound strategic planning and performance reporting support that underpins the corporate planning of the agency.	132411	Policy and Planning Manager	Plans, organises, directs, controls and coordinates policy advice and strategic planning within an organisation.
280201	Policy	Policy Design	Behavioural Economics/Insights Practitioner	Behavioural Economics/Insights professionals examine psychological, behavioural, emotional and social factors to uncover insights on how people behave and make decisions.	224311	Economist	Performs economic research and analysis, develops and applies theories about production and distribution of goods and services and people's spending and financial behaviour, and provides advice to governments and organisations on economic policy issues.
280202	Policy	Policy Design	Policy Analyst	Policy Analyst professionals develop and analyse policies guiding the design, implementation and modification of government or commercial operations and programs.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
280203	Policy	Policy Design	Policy Officer	Policy Officer professionals provide timely, accurate and persuasive advice, underpinned by analysis, contextual awareness and stakeholder consultation. Specialisations include Government Infrastructure and Base Security Policy, National Security Advice, Education, Education (Policy) Advisor, Organisational Suitability & Vetting Advisor.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
280204	Policy	Policy Design	Economist	Economist professionals perform economic research and analysis, develop and apply theories about production and distribution of goods and services and people's spending and financial behaviour. They also provide advice to governments and organisations on economic policy issues.	224311	Economist	Performs economic research and analysis, develops and applies theories about production and distribution of goods and services and people's spending and financial behaviour, and provides advice to governments and organisations on economic policy issues.
280205	Policy	Policy Design	Strategic Policy Advice and Development Officer	Strategic Policy Advice and Development professionals develop, analyse and modify government or commercial policies. They also set agendas and research and formulate and amend policy. Specialisations include Climate Information, Strategic Workforce Policy, Strategic/ Organisational Reform policy roles.	224412	Policy Analyst	Develops and analyses policies guiding the design, implementation and modification of government or commercial operations and programs.
300208	Science and Health	Earth Sciences	Hydrologist	Hydrology professionals study water, manage and conserve water resources. They also develop maintain implement and advise of hydrology policy.	234999	Natural and Physical Science Professionals NEC	This occupation group covers Natural and Physical Science Professionals not elsewhere classified.
300210	Science and Health	Earth Sciences	Spatial Analyst	Spatial Analyst professionals, also known as Geospatial Analysts, collect and analyse geographical data generated by geographical information systems (GIS).	232214	Other Spatial Scientist	Acquires, integrates, analyses, interprets, presents, manages and distributes information about locations in space and time, and develops related equipment, software and services.
300211	Science and Health	Earth Sciences	Geoscientist	Geoscience professionals study the composition, structure and other physical attributes of the earth, locate and advise on the extraction of minerals, petroleum and ground water, and detect, monitor and forecast seismic, magnetic, electrical, thermal and oceanographic activity. Specialisations include Geochemistry, Geochronology, Geodesy, Geology, Geophysics, Marine Geology, Hydrogeology.	234411	Geologist	Studies the composition, structure and other physical attributes of the earth to increase scientific knowledge and to develop practical applications in fields such as mineral exploitation, civil engineering, environmental protection and rehabilitation of land after mining.

OFFICIAL

300212	Science and Health	Earth Sciences	Chemist	Chemistry professionals study the chemical and physical properties of substances, and develop and monitor chemical processes and production. Specialisations include Organic Chemist or Environmental Chemist.	234211	Chemist	Studies the chemical and physical properties of substances, and develops and monitors chemical processes and production.
300213	Science and Health	Earth Sciences	Earth Observation and Satellites Officer	Earth Observation and Satellites professionals undertake scientific activities based on observations of the natural world on a global scale, including through the use of satellite technology.	234999	Natural and Physical Science Professionals NEC	This occupation group covers Natural and Physical Science Professionals not elsewhere classified.
300214	Science and Health	Earth Sciences	Food/Wine Scientist	Food/Wine Science professionals examine food and wine products physically and chemically for suitability and safety. This includes developing new and existing food and beverage products.	234212	Food Technologist	Develops new and improves existing food products, and sets standards for producing, packaging and marketing food.
300215	Science and Health	Earth Sciences	Physicist	Physics professionals study matter, space, time, energy, forces and fields and the interrelationship between these physical phenomena. Specialisations include Radiation Physicist, Particle Physicist or Theoretical Physicist.	234914	Physicist	Studies matter, space, time, energy, forces and fields and the interrelationship between these physical phenomena to further understanding of the laws governing the behaviour of the universe, and seeks to apply these laws to solve practical problems and discover new information about the earth and the universe.
300216	Science and Health	Earth Sciences	Radiochemist	Radiochemists and associated professionals study the properties of natural and occurring and artificial Radioactive Elements to determine and validate their application in a variety of chemical and scientific processes	234211	Chemist	Studies the chemical and physical properties of substances, and develops and monitors chemical processes and production.
300301	Science and Health	Life Sciences	Agriculture/Forestry Scientist	Agriculture and Forestry Science professionals advise farmers, rural industries and government on aspects of farming. They also develop techniques for increasing productivity, and study and develop plans and policies for the management of forest areas.	234114	Agricultural Research Scientist	Researches and studies commercial plants, animals, and cultivation techniques to enhance the productivity of farms and agricultural industries.
300302	Science and Health	Life Sciences	Botanist	Botany professionals study the physiology, structure, genetics, ecology, distribution, classification, and economic importance of plants. This includes identifying toxins using analytical and scientific techniques and examining plant materials and seeds for signs of disease. Specialisations include Toxicology, Plant Pathology	234515	Botanist	Studies the anatomy, physiology, biochemistry and ecology of plants.
300304	Science and Health	Life Sciences	Environmental Scientist	Environmental Science professionals study, develop, implement and advise on policies and plans for managing and protecting the environment, flora, fauna and other natural resources. They also assess relationships of organisms to each other and their physical surroundings. Specialisations include Ecology.	234116	Aquaculture or Fisheries Scientist	Studies commercial marine and aquatic plants, animals, ecosystems, and aquaculture techniques to assess stock and enhance the productivity of aquatic wild harvest and aquaculture and developing better ways of harvesting fish and plants.
300305	Science and Health	Life Sciences	Epidemiologist	Epidemiology professionals study and analyse patterns, causes, and effects of health and disease conditions in defined populations.	224116	Statistician	Designs and applies statistical principles and techniques for collecting, organising and interpreting quantifiable data, and uses statistical methodologies to produce statistical reports and analyses for government, commercial and other purposes.
300311	Science and Health	Life Sciences	Parks Ranger/Manager	Ranger professionals assist in controlling and maintaining a State or national park, scenic area, historic site, nature reserve, recreation area or conservation reserve in accordance with authorised policies and priorities. This includes the maintenance and administration of public park, station locations. Specialisations include Station Manager, Ranger, Parks Manager.	234314	Park Ranger	Assists in controlling a State or national park, scenic area, historic site, nature reserve, recreation area or conservation reserve in accordance with authorised policies and priorities.

OFFICIAL

300313	Science and Health	Life Sciences	Veterinarian	Veterinarian professionals diagnose, treat and prevent animal diseases, ailments and injuries.	234711	Veterinarians	Veterinarians diagnose, treat and prevent animal diseases, ailments and injuries.
300315	Science and Health	Life Sciences	Life Scientist	Life Science professionals examine the anatomy, physiology and biochemistry of humans, animals, plants and other living organisms to better understand how living organisms function and interact with each other and the environment in which they live. Specialisations include Entomology, Microbiology.	234511	Life Scientist (General)	Studies the origin, anatomy, physiology, reproduction and behaviour of living organisms and the ways in which they interact with the environment in which they live.
300402	Science and Health	Scientific Research	Scientific Modeller	Scientific Modelling professionals make parts or features of the world easier to understand, define, quantify, visualise, or simulate by referencing it to existing and usually commonly accepted knowledge. Specialisations include Hazard Modelling.	234999	Natural and Physical Science Professionals NEC	This occupation group covers Natural and Physical Science Professionals not elsewhere classified.
300403	Science and Health	Scientific Research	Research Scientist	Research Science professionals design, undertake and analyse information from controlled laboratory-based or field based investigations, experiments and trials.	234999	Natural and Physical Science Professionals NEC	This occupation group covers Natural and Physical Science Professionals not elsewhere classified.
300404	Science and Health	Scientific Research	Social Scientist	Social Science professionals study and research the link between society and human behaviour.	272499	Social Professionals nec	This occupation group covers Social Professionals not elsewhere classified.
300405	Science and Health	Scientific Research	Science/research Manager	Plans, organises, directs, controls and coordinates research and development activities within an organisation.	132511	Research and Development Manager	Plans, organises, directs, controls and coordinates research and development activities within an organisation.
300501	Science and Health	Research/Laboratory Assistant	Science Technician	Science Technician professionals assist in the advancement and development of science including sampling, testing, measuring, recording and analysing of results. Specialisations include Aquarist, Meteorology, Instrument Scientist, Chemistry Technician and Laboratory Technician.	311499	Science Technicians nec	This occupation group covers Science Technicians not elsewhere classified.
300605	Science and Health	Weather and Climate	Weather and Climate Researcher	Weather and Climate Research professionals conduct research into climatology, marine meteorology and the use of weather satellite and radar data. Specialisations include Glaciologist, Oceanography, Space Weather.	234913	Meteorologist	Studies the physics and dynamics of the atmosphere to increase understanding of weather and climate, and to forecast changes in the weather and long-term climatic trends.
300608	Science and Health	Weather and Climate	Meteorologist	Meteorology professionals study the earth's atmosphere in order to predict weather patterns. Specialisations include Flood Forecasting, Weather Observation.	234913	Meteorologist	Studies the physics and dynamics of the atmosphere to increase understanding of weather and climate, and to forecast changes in the weather and long-term climatic trends.
300610	Science and Health	Weather and Climate	Climatologist	Climatology professionals collect and analyse ice, soil, water, air and plants to find patterns in weather and assess how these patterns affect the Earth.	234999	Natural and Physical Science Professionals NEC	This occupation group covers Natural and Physical Science Professionals not elsewhere classified.
